ABOUT THE WORKSHOP

The Shreenivas Deshpande Library, IIT (BHU) Varanasi, in collaboration with the Central Library, IIT Delhi, is organizing a National workshop on Institutional Digital Repository – DSPACE-8 & ORCID from 22 to 23 - November 2024. The workshop is aimed to promote, use, and integrate ORCID API in the Indian Scholarly Ecosystem. The significance of digital repositories in academia and research is burgeoning. Embracing this approach can significantly broaden the dissemination of research findings, promote global collaboration, foster innovation, and create a more accessible knowledge repository for researchers and the public. Participants learn through hands-on experience and expert instructions.

OBJECTIVES:

➢ Provide comprehensive training on the fundamental principles and practical aspects of digital repositories.
➢ Familiarize participants with open source environment (LAMP stacks).
➢ Installation, Configuration, and Customization of DSpace 8
➢ Institutional Repositories Workflow & Submissions
➢ Understanding of ORCID and its API, Integration of ORCID API.

TARGET AUDIENCE
The workshop is tailored explicitly for Faculty, LIS Professionals, Scientists, Scholars, and Academic Staff.
