- 4. This Tender Document contains the following:
 - 1. Instructions for Online Bid Submission
 - 2. Instruction to Bidders
 - 3. General conditions of contract (GCC)
 - 4. Special Condition of Contracts
 - 5. Checklist for Bid/Tender submission
 - 6. Declaration Certificate
 - 7. Technical specifications for the complete project (Annexure I)
 - 8. Compliance Sheet

<u>SECTION 1: INSTRUCTION FOR ONLINE BID SUBMISSION</u>

As per the directives of Department of Expenditure, this tender document has been published on the Central Public Procurement Portal (http://eprocure.gov.in/eprocure/app). The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

More information useful for submitting online bids on the CPP Portal may be obtained at: http://eprocure.gov.in/eprocure/app.

1. Registration

- 1. Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (http://eprocure.gov.in/eprocure/app) by clicking on the link "Click here to Enroll". Enrolment on the CPP Portal is free of charge.
- 2. As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- 3. Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
- 4. Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g., Sify/ TCS/ n-Code/ e-Mudhra, etc.), with their profile.
- 5. Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse.
- 6. Bidder then logs in to the site through the secured log-in by entering their user ID/ password and the password of the DSC/ e-Token.

2. Searching for Tender Documents

- 1. There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, form of contract, location, date, other keywords etc. to search for a tender published on the CPP Portal.
- 2. Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective "My Tenders" folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
- 3. The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

3. Preparation of Bids

- 1. Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- 2. Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents including the names and

content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.

- 3. Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF formats. Bid documents may be scanned with 100 dpi with black and white option.
- 4. To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g., PAN card copy, annual reports, auditor certificates, etc.) has been provided to the bidders. Bidders can use "My Space" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.

4. Submission of Bids

- 1. Bidder should log into the site well in advance for bid submission so that he/she upload the bid in time i.e., on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- 2. The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
- 3. Bidder has to select the payment option as "on-line" to pay the tender processing fee as applicable and enter details of the instrument. Whenever, Tender processing fees are sought, bidders need to pay the tender processing fee on-line through RTGS.
- 4. A standard BoQ format has been provided with the tender document to be filled by all the bidders. Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. Bidders are required to download the BoQ file, open it and complete the white colored (unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BoQ file is found to be modified by the bidder, the bid will be rejected.
- 5. The server time (which is displayed on the bidders dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.
- 6. All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128-bit encryption technology. Data storage encryption of sensitive fields is done.
- 7. The uploaded tender documents become readable only after the tender opening by the authorized bid openers.
- 8. Upon the successful and timely submission of bids, the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.
- 9. Kindly add scanned PDF of all relevant documents in a single PDF file of compliance sheet.

5. Assistance to Bidders

- 1. Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
- 2. Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk.

6. General Instructions to the Bidders

- 1. The tenders will be received online through portal https://eprocure.gov.in/eprocure/app. In the Technical Bids, the bidders are required to upload all the documents in .pdf format.
- 2. Possession of a Valid Class II/III Digital Signature Certificate (DSC) in the form of smart card/ e-token in the company's name is a prerequisite for registration and participating in the bid submission activities through https://eprocure.gov.in/eprocure/app. Digital Signature Certificates can be obtained from the authorized certifying agencies, details of which are available in the web site https://eprocure.gov.in/eprocure/app under the link "Information about DSC".
- 3. Tenderer are advised to follow the instructions provided in the "Instructions to the Tenderer for the e-submission of the bids online through the Central Public Procurement Portal for e Procurement at https://eprocure.gov.in/eprocure/app.

SECTION 2: INSTRUCTIONS TO BIDDERS

A. Introduction

1. Scope of Work

IIT (BHU) invites online bids from the manufacturers/suppliers on behalf of The Director, IIT (BHU) for supply of Equipment as per the technical specifications given in Annexure- II and as per terms and conditions of this tender document. Supplier should assure complete commissioning of the system including installation and application training for efficient utilization of **RFID systems.**

2. Cost of Bidding

The Bidder shall bear all costs associated with the preparation and submission of its bid, and "the Purchaser", will in no case be responsible or liable for these costs, regardless of the conduct or outcome of the bidding process.

B. The Bidding Documents

3. Tender Processing Fees

The Tender Processing fees (Rs. 2360/-) should be submitted ONLINE as per the details mentioned above. Further, the proof of payment must be uploaded with Technical Bid. The exemption will be applicable as per Govt. of India norms.

4. Content of Bidding Documents

- **4.1** The goods required, bidding procedures and contract terms are prescribed in the bidding documents. In addition to Invitation of Bids, the bidding documents include:
 - (a) Instructions for Online Bid Submission
 - (b) Instruction to Bidders (ITB)
 - (c) General Conditions of Contract (GCC)
 - (d) Special Conditions of Contract (SCC)
 - (e) Schedule of Requirements
 - (f) Tender Form (Technical Bid)
 - (g) Tender Form (Financial Bid)
- **4.2** The Bidder is expected to examine all instructions, forms, terms, and specifications in the bidding documents. Failure to furnish all information required by the bidding documents or submission of a bid not substantially responsive to the bidding documents in every respect will be at the Bidder's risk and may result in rejection of its bid.

5. Amendment of Bidding Documents

- **5.1** At any time prior to the deadline for submission of bids, the Purchaser may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective bidder, modify the bidding documents by amendment.
- **5.2** All prospective bidders who have received the bidding documents will be notified of the amendment in writing, which will be binding on them.
- **5.3** In order to allow prospective bidders reasonable time within which to take the amendment into account in preparing their bids, the Purchaser, at its discretion, may extend the deadline for the submission of bids.

C. Preparation of Bids

6. Language of Bid

The bid prepared by the Bidder, as well as all correspondence and documents relating to the bid exchanged by the Bidder and the Purchaser shall be written in English language.

7. Documents Comprising the Bid

7.1 Techno commercial un-priced bid and priced bid: The bids are to be submitted in two parts i.e.

Techno commercial un-priced bid and priced bid.

- (a) Techno commercial un-priced bid along with Bid Securing Declaration Form (EMD) as shown in invitation to bids shall be submitted through CPP Portal. If the proof of Bid Securing Declaration Form as EMD is not received along with the technical bid, such bid will not be considered. The samples (if required) of all the items shown in the schedule of requirements of each tender should also accompany the techno commercial un-priced bid in a separate cover.
- (b) Priced bid.
- **7.2 Techno commercial un-priced bid:** The techno commercial un-priced bid prepared by the bidder shall be provided in the following Model Response Format:

Model Response Format

- (a) Standing of each Bidder Manufacturer/Dealer and past experience in supply of the material (certificates to be enclosed), proof of manufacturing Unit/Dealership along with all the documents required for proving the credentials regarding the fulfilment of essential pre-bid criteria.
- (b) List of other Govt. Departments, Public Sector units and Central Autonomous Bodies for which the bidder is supplying material or having the similar type of contracts and a certificate regarding the satisfactory performance of the contract (In the Annexure III format).
- (c) Copy of the audited balance sheet of the vendor for the previous financial year indicating the turnover in supply of the relevant materials/service.
- (d) Details of Permanent Account Number and latest income tax clearance certificate.
- (e) Details of GST No. along with a copy of certificate to be attached.
- (f) Submission of samples if required, for all items indicated in the schedule of requirements. The make of items proposed to be supplied should be indicated in the format of the schedule of requirements and submitted along with the techno commercial un-priced bid without indicating the pricing components.
- (g) Willingness to execute all orders which are placed to meet emergency requirement on priority basis. The Bidder shall note that standards for workmanship, material and equipment, and references to brand names designated by the Purchaser in the schedule of requirements are intended to be descriptive only and not restrictive. The Bidder may substitute alternative standards, brand names and/or catalogue numbers in his bid, provided that it demonstrates to the Purchaser's satisfaction that the substitutions ensure substantial equivalence to those designated in the Technical Specifications.
- **7.3 Price Bid:** The price bid shall comprise the techno commercial bid along with the price component indicating the Unit prices for each and every item indicated in schedule of requirements (Annexure I).
 - (i) The prices quoted must be net per unit as shown in the Schedule and must include all charges for delivery at the designated stores i.e., F.O.R. IIT (BHU) Varanasi and should be mentioned clearly.
 - (ii) The rate must be stated for each item separately both in words and figures. If there is a discrepancy between the price quoted in word and figures the higher price quoted will be treated as final
 - (iii) Quoted prices should be firm and inclusive of taxes/duties, freight and forwarding charges, handling charges, loading and unloading charges, and insurance charges etc. However, the prices must be reflected clearly in BoQ format by mentioning basic rate, GST, Freight charges, Any other Taxes/Duties/Levies and exemptions thereon as applicable to IITs.
 - (iv) The prices once accepted by the Institute shall remain valid till the successful execution of the order and till supplies is fully effected and accepted or 12 months from the date of acceptance of tender whichever is later. The Institute shall not entertain any increase in the rates during the period. However, in the event there is a reduction or increase in Government levy/duties/taxes.
 - (v) During the period of execution of the order, the rates shall be suitably adjusted with effect from the date notifying the said reduction or increase in the Government levy/taxes/duty, if any.

8. Bid Prices

- **8.1** The Bidder shall indicate on the Schedule of requirements (BoQ), the unit prices of the goods it proposes to supply under the Contract and enclose it with the priced bid.
- **8.2** Prices indicated on the Price Schedule shall be entered separately in the following manner:
 - (i) The prices quoted must be net per unit as shown in the schedule of requirements and must include all charges for delivery at the designated stores.
 - (ii) Any Indian duties, GST and other taxes which will be payable on the goods, if this Contract is awarded.
- **8.3** Prices quoted by the Bidder shall be fixed during the Bidder's performance of the Contract and not subject to variation on any account.

9. Bid Currencies

Prices shall be quoted in Indian Rupees only.

10. Period of Validity of Bids

- **10.1** Bids shall remain valid for **180** days after the date of bid opening prescribed by the Purchaser. A bid valid for a shorter period shall be rejected by the Purchaser as non-responsive.
- **10.2** In exceptional circumstances, the Purchaser may solicit the Bidder's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing. A Bidder granting the request will not be required nor permitted to modify the bid.
- **10.3** Bid evaluation will be based on the bid prices without taking into consideration the above modifications.

D. Submission of Bids

11. The tender has to be submitted **ONLINE** before the due date. The offers received after the due date and time will not be considered. **No manual bids will be considered**.

12. Deadline for Submission of Bids

- **12.1** Bids must be received by the Purchaser **ONLINE** not later than the time and date specified in the Invitation for Bids
- **12.2** The Purchaser may, at his discretion, extend this deadline for submission of bids by amending the bid documents in which case all rights and obligations of the Purchaser and Bidders previously subject to the deadline will thereafter be subject to the deadline as extended.

13. Late/Delayed Bids

The offers received after the due date and time will not be considered.

14. Modifications and Withdrawal of Bids

- **14.1** The Bidder may modify or withdraw its bid after the ONLINE bid's submission, as per the provision of CPP Portal.
- **14.2** No bid may be modified subsequent to the deadline for submission of bids. No documents will be accepted in support of essential pre-bid criteria after the last date of submission of bids.
- **14.3** No bid may be withdrawn in the interval between the deadline for submission of bids and the expiry of the period of bid validity specified by the Bidder on the bid form.

E. Bid Opening and Evaluation of Bids

15. Opening of Techno commercial un-priced Bids

The purchaser will open all techno commercial un-priced bids in the first instance.

16. Clarification of Bids

- **16.1** During evaluation of the bids, the purchaser may, at its discretion, ask the Bidder for clarification of its bid. The request for clarification and the response shall be in writing and no change in price or substance of the bid shall be sought, offered or permitted.
- **16.2** No Bidder shall contact the purchaser on any matter relating to its bid from the time of the bid opening to the time the contract is awarded. If the Bidder wishes to bring additional information to the notice of the Institute, it should be done in writing.
- **16.3** Any effort by a Bidder to influence the purchaser in its decisions on bid evaluation, bid comparison or contract award decisions may result in rejection of the Bidder's bid.

17. Evaluation of Techno commercial un-priced Bid

- 17.1 Prior to the detailed technical evaluation, the purchaser will determine the substantial responsiveness of each bid. A substantially responsive bid is one, which conforms to all the terms and conditions of the Bidding Documents without material deviations and meets all the essential prebid criteria. If any bidder does not meet the essential pre-bid criteria as laid down in the Instruction to Bidders, then his bid will be summarily rejected. No documents will be accepted in support of essential pre-bid criteria after the last date of submission of bids.
- 17.2 The purchaser will reject a bid determined as not substantially responsive.
- 17.3 The bidders may be called for discussion and may be allowed to modify their technical bids to suit the organization's requirement. The idea is to arrive at a threshold level of acceptability above which all the bidders shall be treated on par. Those whose technical specifications do not reach the threshold level of acceptability shall be rejected as technically unsuitable. The price bids of the bidders who finally emerge as technically acceptable shall be opened, evaluated and the contract awarded to the lowest evaluated bidder.
- **17.4** The bidders short-listed by the purchaser based on meeting the essential pre-bid criteria and detailed evaluation regarding satisfying the technical criteria laid down in this tender document may be called for detailed discussions with a team selected for the purpose, at a specified date, time and venue, if needed.

18. Opening of Priced Bids

- **18.1** The Purchaser will open the Priced Bids of only those bidders who meet the essential pre-bid criteria and whose techno commercial un-priced bids have been found to be substantially responsive.
- **18.2** The priced Bids of the technically qualified bidders shall be opened by the tender committee.

19. Evaluation and Comparison of priced Bids

- **19.1** Arithmetical errors will be rectified on the following basis: If there is a discrepancy between words and figures, whichever is the higher of the two shall be taken as bid price. If the Vendor does not accept the correction of errors, its bid will be rejected
- 19.2 Bidders shall state their bid price for the payment schedule outlined in the Clause 14 of General Conditions of Contract. Bids will be evaluated on the basis of this base price. Bidders are, however, permitted to state an alternative payment schedule and indicate the reduction in bid price they wish to offer for such alternative payment schedule. The purchaser may consider the alternative payment schedule offered by the selected Bidder but it may not be binding on the purchaser.
- **19.3** The purchaser, at its option may ask some more bidders to match the rates of the lowest bidder for creating parallel suppliers.
- **19.4** The currency that shall be used for bid evaluation and comparison purposes to convert all bid prices expressed in various currencies into a single currency is: Indian Rupees

- 19.5 The source of exchange rate shall be: Reserve Bank of India/SBI.
- 19.6 The date for the exchange rate shall be: Last day for submission of Bids.

20. Purchasers right to accept any bid and to reject any bid or all bids

The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of Contract, without thereby incurring any liability to the affected Bidder or bidders or any obligation to inform the affected Bidder or bidders of the grounds for the Purchaser's action.

21. Award Criteria

- a. IIT (BHU) shall award the contract to the technically qualified eligible BIDDER whose bid has been determined as the lowest evaluated commercial bid.
- b. If more than one BIDDER happens to quote the same lowest price, IIT(BHU) Varanasi reserves the right to award the contract to more than one BIDDER or any BIDDER.

22. Notification of Award

Prior to the expiration of the period validity, the purchaser will notify the successful Bidder in writing by letter or by fax, to be confirmed in writing by speed post or hand delivered letter, that its bid has been accepted.

23. Factors Affecting the Award of Supply

- **23.1** The bidder should have its own Contract support facilities. The support facilities should be fully owned and managed by the bidder.
- **23.2** Conformity with the Request for Bid/Tender required and conditions.
- **23.3** The assessment based on the response to Model Response Outline.
- **23.4** The assessment of the capability of the bidder to meet the terms and conditions.
- **23.5** The bidders must have executed similar orders, for which the bidder is quoting, for Govt./Semi-Govt./Autonomous Organizations.
- **23.6** The cost and the discount offered, if any.

24. Fall clause

- **24.1** The price quoted by the supplier should not be higher than the maximum retail price, if any, for the stores and the same shall not be higher than the price usually charged by the supplier for stores of the same nature, class or description to any other purchaser.
- 24.2 The price charged for the stores supplied under the contract by the supplier shall in no event exceed the lowest price at which the supplier sells the stores of identical description to any other person during the period till performance of all supply orders placed during the currency of the contract is completed. If at any time during the period the supplier reduces the sale price of such stores or sells such stores to any other person including his dealers at a price lower than the price chargeable under the contract, he shall forthwith notify such reduction or sale to the purchaser and the price payable under the contract for these items of stores supplied after the date of coming into force of such reduction or sale shall stand correspondingly reduced.
- **24.3** If it is discovered that the supplier has contravened the above conditions, then without prejudice to any other action which might be taken against him, it shall be lawful for the purchaser to (a) revise the price at any stage so as to bring it in conformity with sub-clause(i) above, or (b) to terminate the contract and purchase the items of stores at the risk and cost of the supplier and in that event the provisions of Clause 28 of General Conditions of Contract shall, as far as possible, be applicable or recover the loss.

SECTION 3: GENERAL CONDITION OF CONTRACTS

1. Definitions

In this Contract, the following terms shall be interpreted as indicated:

- (a) "The order" means the agreement entered between the Purchaser and the Supplier including all the attachments and appendices and all documents incorporated as per notification of award.
- (b) "The Contract Price" means the price payable to the Supplier under the Contract for the full and proper performance of its contractual obligations.
- (c) "The Goods" means all the items, which the Supplier is required to supply to the Purchaser under the Contract.
- (d) "Services" means services ancillary to the supply of the Goods, such as transportation and insurance, and any other incidental services training and other obligations of the Supplier covered under the Contract.
- (e) "GCC" means the General Conditions of Contract contained in this section.
- (f) "The Purchaser" means the organization purchasing the Goods i.e., IIT (BHU) VARANASI.
- (g) "The Purchaser's country" is India.
- (h) "The Supplier" means the individual or firm supplying the Goods and Services under this Contract.
- (i) "Day" means calendar day.

2. Application

These General Conditions shall apply to the extent that they are not superseded by provisions in other parts of the Contract.

3. Standards

The Goods supplied under this Contract shall conform to the standards mentioned in the Technical Specifications, and, when no applicable standard is mentioned, to the authoritative standard appropriate to the Goods' country of origin and such standards shall be the latest issued by the concerned Institution.

4. Use of Contract Documents and Information

- **4.1** The Supplier shall not, without the Purchaser's prior written consent, disclose the Contract, or any provision thereof, or any specification, plan, drawing, pattern, sample or information furnished by or on behalf of the Purchaser in connection therewith, to any person other than a person employed by the Supplier in performance of the Contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.
- **4.2** The Supplier shall not, without the Purchaser's prior written consent, make use of any document or information except for purposes of performing the Contract.
- **4.3** Any document, other than the Contract itself, shall remain the property of the Purchaser and shall be returned (in all copies) to the Purchaser on completion of the Supplier's performance under the Contract if so, required by the Purchaser.

5. Patent Rights

The Supplier shall indemnify the Purchaser against all third-party claims of infringement of patent, trademark or industrial design rights arising from use of the Goods or any part thereof in India.

6. Submission of the Bids

- **6.1** All bids complete in all respect must be submitted online on or before the Bid Closing date and time as mentioned on Critical Data Sheet. Tenders received without Bid Securing Declaration Form as earnest money etc. shall be rejected.
- **6.2** The Tender document for this supply is available on the website of IIT (BHU) Varanasi (www.iitbhu.ac.in/iitnotifications/purchase_enquiries/) or from Central Public Procurement Portal (CPPP) https://eprocure.gov.in/eprocure/app.

6.3 Interested bidders may submit their bid through the Central Public Procurement Portal (CPPP) https://eprocure.gov.in/eprocure/app.

7. Inspections and Tests

- **7.1** The Purchaser or its representative shall have the right to inspect and/or to test the Goods to confirm their conformity to the Contract specifications at no extra cost to the Purchaser.
- **7.2** The inspections and tests may be conducted on the premises of the Supplier or its subcontractor(s), at point of delivery and/or at the Goods destination. If conducted on the premises of the Supplier or its subcontractor(s), all reasonable facilities and assistance, including access to drawings and production data shall be furnished to the inspectors at no charge to the Purchaser.
- **7.3** Any inspected or tested Goods fail to conform to the specifications, the Purchaser may reject the goods and the Supplier shall either replace the rejected Goods or make alterations necessary to meet specification requirements free of cost to the Purchaser.
- **7.4** The Purchaser's right to inspect, test and, where necessary, reject the Goods after the Goods' arrival at Project Site shall in no way be limited or waived by reason of the Goods having previously been inspected, tested and passed by the Purchaser or its representative prior to the Goods shipment.
- **7.5** Nothing in GCC Clause 7 shall in any way release the Supplier from any warranty or other obligations under this Contract.

8. Consequences of rejection

If in the event the stores are rejected by the purchaser at the destination and the supplier fails to make satisfactory supplies within the stipulated period of delivery, the purchaser will be at liberty to:

- (a) Allow the supplier to resubmit the stores in replacement of those rejected, within a specified time without any extra cost to the purchaser.
- (b) Reject the material, which shall be final and binding on the contractor.
- (c) Procure the rejected materials of comparable quality from the open market/Govt. stores and the supplier shall be liable to pay the difference in price over the RC prices or get the amount adjusted from the outstanding bills of the supplier, if any.

9. Packing

- **9.1** The Supplier shall provide such packing of the Goods as is required to prevent their damage or deterioration during transit to their final destination as indicated in the Contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the Goods' final destination and the absence of heavy handling facilities at all points in transit.
- **9.2** The packing, marking and documentation within and outside the packages shall comply strictly with such special requirements as shall be provided for in the Contract including additional requirements, in any subsequent instructions ordered by the Purchaser.

10. Delivery and Documents

- **10.1** The Supplier shall make delivery and Installation of the Goods within **120 days** from the placement of purchase order in pursuance of the notification of award. The purchase order would be placed after assessing the requirements on quarterly basis. However, the supplier shall also arrange to execute all orders on priority basis which would be placed to meet any emergent requirements.
- **10.2** In case the purchaser decides to conclude parallel rate contracts, then the requirements would be split on different firms on equitable basis as per the discretion of the purchaser.
- **10.3** The delivery of Stores shall be affected at the premises of the Institute free of all delivery charges and within the stipulated time and as may be elucidated in the confirmed order, accompanied by a delivery challan. No extension of time for delivery of Stores shall normally be accorded.

The supplier shall mail the following documents to the purchaser with a copy to the insurance company:

- 1. 3 Copies of the Supplier Invoice showing contract number, goods' description, quantity, unit price, total amount, etc.
- 2. Installation Certificate.
- 3. Insurance Certificate if applicable.
- 4. Manufacturer's/Supplier's Warranty Certificate.
- 5. Inspection Certificate issued by the nominated inspection agency, if any.
- 6. Supplier's Factory Inspection Report.
- 7. Certificate of Origin (if possible, by the beneficiary).

The above documents should be received by the Purchaser before arrival of the Goods (except where the Goods have been delivered directly to the Consignee with all documents) and, if not received, the Supplier will be responsible for any consequent expenses.

Time and Date of Delivery - Essence of the Contract: The time for and the date of delivery of the stores stipulated shall be deemed to be of the essence of the contract and delivery must be completed not later than the date(s) specified.

11. Insurance

The Goods supplied under the Contract shall be fully insured in Indian Rupees against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery. The insurance shall be obtained by the suppliers in an amount equal to 110% of the value of the goods from "warehouse to warehouse" (final destinations) on "all risks" basis including war risks and strikes.

12. Transportation

Where the Supplier is required under the Contract to transport the Goods within India defined as Project site, transport to such place of destination in India including insurance, as shall be specified in the Contract, shall be arranged by the Supplier, and the related cost shall be included in the contract Price.

13. Warranty

- 13.1 The Supplier warrants that the Goods supplied under this Contract are new, unused, of the most recent or current models and that they incorporate all recent improvements in design and materials unless provided otherwise in the Contract. The Supplier further warrants that all Goods supplied under this Contract shall have no defect arising from design, materials or workmanship or from any act or omission of the Supplier that may develop under normal use of the supplied Goods in the conditions prevailing in India.
- **13.2** This warranty shall remain valid for at least **60 months** (or as specified) after the Goods or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the Contract, unless specified otherwise.
- **13.3** The Purchaser shall promptly notify the Supplier in writing of any claims arising under this warranty.
- **13.4** Upon receipt of such notice, the Supplier shall with all reasonable speed, repair or replace the defective Goods or parts thereof, without any extra cost to the Purchaser.
- 13.5 If the Supplier, having been notified, fails to remedy the defect(s) within a reasonable period, the Purchaser may proceed to take such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights which the Purchaser may have against the Supplier under the Contract.

14. Payment

14.1 The payment shall be made 80% payment against successful supply and installation of hardware, software and commissioning; 20% payment after complete tagging work and submission of satisfactory PBG @ 5%.

14.2 The Supplier's request(s) for payment shall be made to the Purchaser in writing, accompanied by an invoice describing, as appropriate, the Goods delivered and the Services performed, and by documents, submitted pursuant to GCC Clause 10, and upon fulfilment of other obligations stipulated in the contract.

15. Prices

Prices charged by the Supplier for Goods delivered and Services performed under the Contract shall not vary from the prices quoted by the Supplier in his bid. The bidder must mention the applicable taxes/duty and exemptions thereon, if any, as per the Government of India norms. The Institute will provide requisite certificate, if any, required by the bidder as per the applicable Govt. of India norms.

16. Change Orders

- **16.1** The Purchaser may at any time, by written order given to the Supplier, make changes within the general scope of the Contract in any one or more of the following:
 - (a) Drawings, designs, or specifications, where Goods to be furnished under the Contract are to be specifically manufactured for the Purchaser;
 - (b) The method of shipping or packing;
 - (c) The place of delivery; and/or
 - (d) The services to be provided by the Supplier.
- 16.2 If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or delivery schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this clause must be asserted within thirty (30) days from the date of the Supplier's receipt of the Purchaser's change order.

17. Contract Amendments

Subject to GCC Clause 16, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

18. Assignment

The Supplier shall not assign, in whole or in part, its obligations to perform under the Contract, except with the Purchaser's prior written consent.

19. Subcontracts

The Supplier shall notify the Purchaser in writing of all subcontracts awarded under this Contract if not already specified in the bid. Such notification, in his original bid or later, shall not relieve the Supplier from any liability or obligation under the Contract.

20. Delays in the Supplier's Performance

- **20.1** Delivery of the Goods and performance of the Services shall be made by the Supplier in accordance with the time schedule specified by the Purchaser as per GCC clause 10.
- **20.2** If at any time during performance of the Contract, the Supplier or its sub-contractor(s) should encounter conditions impeding timely delivery of the Goods and performance of Services, the Supplier shall promptly notify the Purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the Supplier's notice, the Purchaser shall evaluate the situation and may, at its discretion, extend the Supplier's time for performance with or without liquidated damages, in which case the extension shall be ratified by the parties by amendment of the Contract.
- **20.3** Except as provided under GCC Clause 23, a delay by the Supplier in the performance of its delivery obligations shall render the Supplier liable to the imposition of penalty pursuant to GCC Clause 21, unless an extension of time is agreed upon pursuant to GCC Clause 20.2 without the application of liquidated damages.

21. Penalty

Subject to GCC Clause 23, if the Supplier fails to deliver any or all of the Goods or to perform the Services within the period(s) specified in the Contract, the Purchaser shall, without prejudice to its other remedies under the Contract, deduct from the Contract Price, as penalty, a sum equivalent to 1% per week and the maximum deduction is 10% of the contract price of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance. Once the maximum is reached, the Purchaser may consider termination of the Contract pursuant to GCC Clause 22.

22. Termination for Default

- **22.1** The Purchaser may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Supplier, terminate the Contract in whole or part:
 - (a) If the Supplier fails to deliver any or all of the Goods within the period(s) specified in the purchase order, or within any extension thereof granted by the Purchaser pursuant to GCC Clause 20:
 - (b) If the Supplier fails to perform any other obligation(s) under the Contract;
 - (c) If the Supplier, in the judgment of the Purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.

For the purpose of this Clause:

"Corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.

"Fraudulent practice: a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Borrower, and includes collusive practice among Bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Borrower of the benefits of free and open competition;"

22.2 In the event the Purchaser terminates the Contract in whole or in part, pursuant to GCC Clause 22.1, the Purchaser may procure, upon such terms and in such manner as it deems appropriate, Goods or Services similar to those undelivered, and the Supplier shall be liable to the Purchaser for any excess costs for such similar Goods or Services. However, the Supplier shall continue the performance of the Contract to the extent not terminated.

23. Force Majeure

- **23.1** Notwithstanding the provisions of GCC Clauses 20 & 21, the Supplier shall not be liable for imposition of liquidated damages or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
- **23.2** For purposes of this Clause, "Force Majeure" means an event beyond the control of the Supplier and not involving the Supplier's fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the Purchaser either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- **23.3** If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such conditions and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

24. Termination for Insolvency

The Purchaser may at any time terminate the Contract by giving written notice to the Supplier, if the Supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the Supplier provided that such termination will not prejudice or affect any right of action or remedy, which has accrued or will accrue thereafter to the Purchaser.

25. Termination for Convenience

- **25.1** The Purchaser, by written notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the Purchaser's convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.
- **25.2** The Goods that are complete and ready for shipment within 30 days after the Supplier's receipt of notice of termination shall be accepted by the Purchaser at the Contract terms and prices.

26. Resolution of Disputes

- **26.1** The Purchaser and the supplier shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract.
- **26.2** If, after thirty (30) days from the commencement of such informal negotiations, the Purchaser and the Supplier have been unable to resolve amicably a Contract dispute, either party may require that the dispute be referred for resolution to the formal mechanisms as specified below. These mechanisms may include, but are not limited to, conciliation mediated by a third party, adjudication in an agreed national or international forum, and national or international arbitration.
- **26.3** In case of Dispute or difference arising between the Purchaser and a supplier relating to any matter arising out of or connected with this agreement, such disputes or difference shall be settled in accordance with the Arbitration and Conciliation Act, 1996 as amended from time to time.

27. Governing Language

The contract shall be written in English language. Subject to GCC Clause 28, English language version of the Contract shall govern its interpretation. All correspondence and other documents pertaining to the Contract which are exchanged by the parties shall be written in the same language.

28. Applicable Law

- **28.1** The contract shall be governed by the Law of Contract for the time being in force.
- **28.2** Irrespective of the place of delivery, the place of performance or place of payment under the contract, the contract shall be deemed to have been made at the place from which the acceptance of tender has been issued.
- **28.3** Jurisdiction of Courts: The courts of the place from where the acceptance of tender has been issued shall alone have jurisdiction to decide any dispute arising out of or in respect of this contract.
- **28.4** One-month notice will be given by either party for termination of Contract during the tenure of Contract for breach of Clause or otherwise.

29. Taxes and Duties

Suppliers shall be entirely responsible for all taxes, duties, license fees, road permits, etc., incurred until delivery of the contracted Goods to the Purchaser.

30. Performance Security

Successful bidder has to furnish 05% of the order value as a performance security in the shape of Fixed Deposit Receipt / Bank Guarantee in favour of the Registrar, Indian Institute of Technology (BHU) Varanasi valid for a period of 60 days beyond the end of all warranty period / obligations (i.e., must valid for minimum 62 months). Fixed Deposit Receipt / Bank Guarantee should be issued from a schedule bank in India.

31. Supplier Integrity

The Supplier is responsible for and obliged to conduct all contracted activities in accordance with the Contract using state of the art methods and economic principles and exercising all means available to achieve the performance specified in the contract.

The Institute Reserves the Right to:

- 1. Increase or decrease the quantity of the item(s) as per requirement and GOI Norms only, however, provided within the ceiling of the category in which the original order was placed i.e., if it is within 2.5 Lakh category than should not exceed the 2.5 lakh limit and so on.
- **2.** Reject the quotation in absence of not furnishing the documentary evidence in respect of Trade Tax Registration (G.S.T), Income Tax and Trade Tax clearance certificates together with the performance of supplies in various branches/institutions.
- **3.** Reject the quotation in the event of non-furnishing the authentic documentary evidence in respect of Testing reports / Performance report of the concerned Govt. Organization / Institutions about the products being manufactured and marketed. The performance test of the product can be conducted at Institute level also for which charge will have to be borne by the suppliers.
- **4.** Reject the supplies already made, if not found up to the mark. Thorough checking may be adopted to test the correctness of the supply. In such an event, further action may call to conform or discard the supply.
- **5.** To reject any addition/alteration in respect of local dealerships intimated by the Principals after consideration of the case by the committee appointed by the Institute for the purpose.
- **6.** Cancel this Tender at any point of time without assigning any reason thereof.
- 7. The Institute also reserves the right to reject the bid of any participated bidder.
- **8.** The Purchaser may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Supplier, terminate the Contract in whole or part:
 - a. If the Supplier fails to deliver any or all of the Goods within the period(s) specified in the purchase order, or within any extension thereof granted by the Purchaser.
 - b. If the Supplier fails to perform any other obligation(s) under the Contract.
 - c. If the Supplier, in the judgment of the Purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.
- **9.** To reject any or all the offers without assigning any reasons thereof.
- **10.** All disputes are subject to "Varanasi Jurisdiction" only.
- 11. The decisions of the Institute in all respect shall be final and binding on all.
- 12. The Institute reserves the right to ask the successful bidder to produce all the original documents submitted along with the bids for verification at any point of time. During the verification of the document, if it is found that the bidder has concealed/falsified/fabricated any information, the bid and/or purchase order will be cancelled and performance security will be forfeited and action including blacklisting will be taken against the bidder as per norms of the Institute.
- 13. Please ensure that your offer is complete in all respect as no further clarifications shall be sought from you and reaches us within the last date mentioned above. The Institute shall not be responsible for any delay etc.

Professor-In-Charge Shreenivas Deshpande Library IIT (BHU) Varanasi Varanasi - 221005, Uttar Pradesh, India

SECTION 4: SPECIAL CONDITIONS OF CONTRACT

1. Essential Pre-Bid Criteria

- 1. Bidders should be the manufacturer (OEM)/authorized dealer. In case the bid is submitted by the Authorized dealer, the currently valid Authorization letter for participating in this Tender (by clearly mentioning the Reference of this Tender) issued by the OEM must be uploaded (in Annexure V format). The Letter of authorization shall remain valid during execution of supply and installation.
- 2. An undertaking from the OEM is required stating that they would facilitate the bidder on a regular basis with technology/product updates and extend all support for the warranty period and five years beyond the warranty in confirmation with this bid for the quoted items. In case the OEM withdraws its authorization from the bidder, the above service will continued to be provided by the OEM.
- 3. The bidder has to provide on notarized affidavit they were never been black-listed by any IITs/NITs/Govt. Offices/PSUs/Govt. Funded Universities/Govt. Funded Autonomous Bodies/Govt. Bodies and it must be uploaded along with the technical Bid under cover 1.
- 4. Certified Financial Statement of Bidder from a CA such as Balance Sheet and Profit & Loss account of last three financial years (2023-24, 2022-23, 2021-22) clearly indicating the annual turnover regarding the supply and installation of similar type of items. The annual financial turnover of the bidder must not be less than 01 crores during last 3 financial years.
- 5. The bidder/OEM must have delivered at least three RFID systems or similar instruments in the last three financial years to any of the IITs/NITs/Govt. Offices/PSU/Govt. Funded Universities/Govt. Funded Autonomous Bodies/Govt. bodies with order value of at least Rs. 20 lakhs for a single order. Copies of purchase order, satisfactory installation certificate, names of user, their mobile number/ phone number and email id need to be uploaded. The purchaser may ask for input from user where the quoted instrument has been installed.
- 6. The bidder has to give a LIVE VIDEO demonstration (if required) of the quoted product during the technical evaluation process (most probably within one week of opening of technical bid). The institute will inform the date and time through a separate email to all the participating bidders. This will be a part of technical evaluation. The bidder needs to upload an undertaking in this regard that they will provide the demonstration as and when required by the Institute in Annexure VIII.
- 7. Manufacturer comprehensive warranty for 5 years.
- 8. Adherence to all the technical specifications is compulsory.
- 9. Certificate as per Annexure V, VI, VII and VIII on the letterhead of the company must be uploaded.

NOTE: A. THE BID OF THOSE BIDDERS WHO FAILS TO COMPLY THE ABOVE ESSENTIAL CRITERIA WILL NOT BE CONSIDERED FOR TECHNICAL EVALUATION.

2. Documents Comprising the Bid

The tender/Bid shall be submitted online in two parts: Technical Bid and Commercial Bid.

I. Technical Bid

The following documents are to be scanned and uploaded as part of the Technical Bid as per the tender document:

- (a) Scanned copy of Tender Forms (Techno Commercial Un-Priced Bid), Declaration, Bidder's Information Form, and Tender Acceptance Letter.
- (b) Scanned copy of proof for submission of Tender Document Fee/ Earnest Money Deposit/Exemption Certificate, if any etc.
- (c) Scanned copy of written confirmation authorizing the signatory of the Bid to commit the Bidder.
- (d) Scanned copy of quoted product brochure.
- (e) Scanned copy of completely filled Annexure III with supporting documents
- (f) Scanned copy of Technical Bid and essential Pre-bid Details, if any.
 - i. Scanned copy of documentary evidence establishing the Bidder's qualifications to perform the contract if its bid is accepted and the Bidder's eligibility to bid.

- ii. Scanned copy of documentary evidence, that the Goods and Related Services to be supplied by the Bidder are of eligible origin and conform to the Bidding Documents.
- (g) Scanned copy of Checklist, compliance of Essential pre-bid criteria and Technical Compliance Sheet (Annexure II) and any other document required as per the tender.

II. Commercial Bid

The commercial bid comprises of:

- (a) Scanned copy of Tender Form (Price Bid)
- (b) Price bid in the form of .xls format and to be uploaded in .xls and signed .pdf format.

The Price bid format is provided as .xls format along with this Tender Document at https://eprocure.gov.in/eprocure/app. Bidders are advised to download this .xls format and quote_their offer/rates in the prescribed column.

In addition to the above requirements, bids submitted by a Joint Venture, shall include a copy of the Joint Venture Agreement entered into by all members. Alternatively, a letter of intent to execute a Joint Venture Agreement in the event of a successful bid shall be signed by all members and submitted with the bid, together with a copy of the proposed Agreement, there to.

The Bidder shall furnish in the Tender Forms information on commissions and gratuities, if any, paid or to be paid to agents or any other party relating to this Bid.

3. Installation & Demonstration

The supplier is required to done the installation and demonstration of the equipment within two week of the arrival of materials at the IIT (BHU) site of installation, otherwise the penalty clause will be the same as per the supply of materials.

In case of any mis-happening/damage to equipment and supplies during the carriage of supplies from the origin of equipment to the installation site, the supplier has to replace it with new equipment/supplies immediately at his own risk. Supplier will settle his claim with the insurance company as per his convenience. IIT (BHU) will not be liable to any type of losses in any form.

4. Application Specialist

The Tenderer should mention in the Techno-Commercial bid the availability and names of Application Specialist and Service Engineers in the nearest regional office.

5. Spares

The Supplier is required to provide state availability of spares for ten years, if required.

6. Training of Personnel

The supplier shall be required to undertake to provide the technical training to the personnel involved in the use of the equipment at the Institute premises, immediately after completing the installation of the equipment for a minimum period of one week at the supplier's cost.

7. User List

The bidder must provide the list of users where they have deployed similar nature of equipment's in last 03 years in prescribed format of Annexure III.

8. Manuals/Documents

One set of hard copy and one set of soft copy in English (preferred as following).

- i. Operating manual
- ii. Servicing & Maintenance manual
- iii. Spare parts list with source of supply and prices
- iv. Pre-installation requirements.

9. Services

Vendor must submit Factory Acceptance Test procedure supported with relevant printed literature and

certificates.

- 10. The Tender document should also indicate what kind of service/maintenance is required for the system. Whether this service has to be carried out by a company engineer or it can be carried by trained service personnel within India. The frequency of visit and the charges should be mentioned.
- 11. The Tender should be enclosed with proper certifications like **Authorization Certificate** and **Proprietary Certificate** (in case of Proprietary items).
- **12.** Pre-installation site preparation/inspection requirements to be indicated and specified along with the bid.
- **13.** Bid should include FOR IIT(BHU) Varanasi prices. The Institute will provide requisite certificate, if any, required by the bidder as per the applicable Govt. of India norms.
- **14.** The vendor to provide compliance statement with respect to each technical specification in the tender document duly supported by the manufacturer's literature. Any other claim will not be accepted and may lead to rejection of the bid.
- **15.** Printed literature in support of compliance to the prescribed specifications is to be submitted.
- **16.** Compliance report needs to be submitted as a part of the technical bid.
- 17. Exemption is allowed from payment of Tender processing fees as per Government of India norms against submission of currently valid certificate specifically for the item(s) proposed to be procured through this Tender.
- 18. It is mandatory for bidders to quote items having local content minimum 20%. Refer revised Public Procurement (Preference to Make in India), Order 2017, No. P-45021/2/2017-PP (B.EII) dated 16.09.2020 issued by DPIIT, Ministry of Commerce and Industry, Govt. of India. (Submit duly filled Annexure VII for the same). The Annexure VII once submitted in the Technical Bid will be final. Submission of Revised Annexure VII will NOT be accepted. As per OM of DPIIT, Ministry of Commerce and Industry, Govt. of India No. P-45021/102/2019- BE-II- Part (1) (E-50310) Dated 04.03.2021, Bidders offering Imported products will fall under the category of Non-Local Suppliers. They cannot claim themselves as Class-I or Class-II Local Suppliers by claiming the services such as Transportation, Insurance, Installation, Commissioning, Training and After Sale Service Support like AMC/ CMC etc. as Local Value Addition.
- **19.** As per the Government of India Order, only "Class-I Local Suppliers" and "Class-II Local Suppliers" can participate in this tender.
- **20.** Bidder should confirm their acceptance that they comply with the provisions with report to "Guidelines for eligibility of a bidder from a country which shares a land border with India as detailed at Annexure VI. The bidder should submit Certificate for "Bidder from/ Not from Country sharing Land border with India & Registration of Bidder with Competent Authority" as per Order of DoE F.No.6/18/2019-PPD dated 23.07.2020 as mentioned. A certificate shall be submitted by bidders in the tender documents regarding their compliance with the said order. If the certificate submitted by a bidder whose bid is accepted is found to be false, this would be a ground for immediate termination and further legal action in accordance with law. Annexure VI.
- 21. Defective Equipment: If any of the equipment supplied by the Tenderer is found to be substandard, refurbished, un-merchantable or not in accordance with the description/specification or otherwise faulty, the committee will have the right to reject the equipment or its part. The prices of such equipment shall be refunded by the Tenderer with 18% interest if such payments for such equipment have already been made. All damaged or unapproved goods shall be returned at suppliers cost and risk and the incidental expenses incurred thereon shall be recovered from the supplier. Defective part in equipment, if found before installation and/or during warranty period, shall be replaced within 30

days on receipt of the intimation from this office at the cost and risk of supplier including all other charges. In case supplier fails to replace above item as per above terms & conditions, IIT (BHU) may consider "Banning" the supplier.

IMPORTANT NOTE

- 1. Non-compliance of tender terms, non-uploading of required documents, lack of clarity of the specifications, contradiction between bidder specifications and supporting literature etc. may lead to rejection of the bid.
- 2. In the tender, either the Indian agent on behalf of the Principal/OEM or Principal/OEM itself can bid but both cannot bid simultaneously for the same item/product in the same tender.
- 3. If an agent submits bid on behalf of the Principal/OEM, the same agent shall not submit a bid on behalf of another Principal/OEM in the same tender for the same item/product.

Note:- All documents in support of above essential pre-bid criteria shall be scanned and uploaded under cover 1.

SECTION 5: CHECKLIST FOR BID/TENDER UPLOADING

(The following check-list must be filled in and uploaded with the bid documents)

S. No.	Particulars Techno Commercial Unpriced Bid (Cover 1)	Yes/No
1	Have you uploaded the techno commercial unpriced bid form duly filled in	
	appropriately?	
2	Have you uploaded a copy of the last three financial years audited balance	
	sheet and P & L Account of your firm?	
3	Have you attached the details of the income tax clearance certificate, proof	
	of manufacturing unit/ dealership letter/ general order suppliers and copy of	
	GST registration certificate?	
4	Have you executed the supply of at least three RFID Equipment or similar	
	instruments of Library in the last three financial years to any of the	
	IITs/NITs/Govt. Offices/PSU/Govt. Funded Universities/Govt. Funded	
	Autonomous Bodies/Govt. bodies, costing more than Rs. 20 lakhs for a	
	single order and uploaded the copies of relevant work orders and satisfactory	
	installation certificates in prescribed Format?	
5	Have you submitted DD/transferred online Tender Processing Fee asked for	
	and Bid Securing Declaration Form as EMD separately and uploaded their	
	proof of submission?	
6	Have you submitted samples of all items indicated in the respective schedule	
	of requirements at the address of tender inviting authority within due date?	
7	Have you enclosed the schedule of requirement indicating the make offered	
	without indicating the pricing components along with the techno commercial	
	un-priced bid?	
8	Have you uploaded the bids both techno commercial unpriced and priced bid	
	separately for the tender?	
9	Have you enclosed the statement of deviations from financial terms and	
	conditions, if any?	
10	Have you submitted the Technical Compliance Sheet?	
11	Have you attached the compliance of Essential Pre-Bid criteria?

13	Have you attached a letter on the letter head that bidder has never been	
13	black-listed along with the technical Bid under cover 1?	
14	Have you attached the Declaration on the letter pad of Bidder?	
14	Trave you attached the Declaration on the letter pad of Bidder:	
15	Have you attached the signed Tender acceptance letter?	
16	Have you attached a signed copy of the letter that a LIVE VIDEO	
	demonstration of the machine will be arranged to the committee?	
	Price Bid (Cover 2)	
1	Have you signed and uploaded the priced bid form?	
2	Have you uploaded the schedule of requirements duly priced i.e., BOQ and	
	its pdf version?	

NOTE: While arranging the Tender Documents, check list should be placed on TOP.

COMPLIANCE SHEET OF ESSENTIAL PRE-BID CRITERIA

Sl. No.	Essential Pre-Bid Criteria	Compliance	
1	Bidders should be the manufacturer (OEM)/authorized dealer. In case the bid is		
	submitted by the Authorized dealer, the currently valid Authorization letter for		
	participating in this Tender (by clearly mentioning the Reference of this Tender)		
	issued by the OEM must be uploaded (in Annexure V format). The Letter of		
	authorization shall remain valid during execution of supply and installation.		
2	An undertaking from the OEM is required stating that they would facilitate the		
	bidder on a regular basis with technology/product updates and extend all support		
	for the warranty period and five years beyond the warranty in confirmation with		
	this bid for the quoted items. In case the OEM withdraws its authorization from		
	bidder, the above service will continue to be provided by the OEM.		
3	The bidder has to provide notarized affidavit that they were never been black-listed		
	by any IITs/NITs/Govt. Offices/PSUs/Govt. Funded Universities/Govt. Funded		
	Autonomous Bodies/Govt. Bodies and it must be uploaded along with the technical		
	Bid under cover 1.		
4	Certified Financial Statement of Bidder from a CA such as Balance Sheet and		
	Profit & Loss account of last three financial years (2023-24, 2022-23, 2021-22)		
	clearly indicating the annual turnover regarding the supply and installation of		
	similar type of items. The annual financial turnover of the bidder must not be less than 01 crores during last 3 financial years.		
5	The bidder/OEM must have delivered at least three RFID systems or similar		
	instruments in the last three financial years (2023-24, 2022-23, 2021-22) to any of		
	the IITs/NITs/Govt. Offices/PSU/Govt. Funded Universities/Govt. Funded		
	Autonomous Bodies/Govt. bodies with order value of at least Rs. 20 lakhs for a		
	single order. Copies of purchase order, satisfactory installation certificate, names of		
	user, their mobile number/ phone number and email id need to be uploaded. The		
	purchaser may ask for input from user where the quoted instrument has been		
	installed		
6	The bidder has to give a LIVE VIDEO demonstration (if required) of the quoted		
	product during the technical evaluation process (most probably within one week		
	of opening of technical bid). The institute will inform the date and time through		
	a separate email to all the participating bidders. This will be a part of technical		
	evaluation. The bidder needs to upload an undertaking in this regard that they		
	will provide the demonstration as and when required by the Institute in Annexure IX.		
7	Manufacturer comprehensive warranty for 5 year.		
8	Adherence to all the technical specifications is compulsory.		
9	Certificate as per Annexure V, VI, VII, and VIII on the letterhead of the		
	company must be uploaded.		
A 11 J	ocuments in support of above essential pre-bid criteria shall be scanned and uploa	dedden	

All documents in support of above essential pre-bid criteria shall be scanned and uploaded under cover 1.

SECTION 8 ANNEXURE-I

Supply, Installation, Testing and Commissioning of RFID (Radio Frequency Identification) System

Description

Radio Frequency Identification System for S D Library, IIT (BHU) Varanasi.

Detailed Specifications & quantity

Sl.	DESCRIPTION & SPECIFICATION	Compliance
No.		(Yes/No)
1	INTEGRATED RFID STAFF STATION WITH MIFARE CARD READER	
	FOR MEMBER IDENTIFICATION (Qty: 03)	
1.1	It should consist of an RFID- antenna, an RFID reader, a barcode scanner/reader, and a	
	magnetization/demagnetization set-up.	
1.2	The RFID antenna should be fully shielded and should have a focused read area. It should only read	
	items that are placed on it. It should not read items that are in the vicinity.	
1.3	Should be fully ISO/IEC 14443A, 15693 and ISO 18000:3 compliant	
1.4	The staff station should be directly integrated with the library management system through NCIP	
	V2.0 / SIP2 protocol or by using OEM software/keyboard wedge.	
1.5	Chaff station arout he connectible with Library LMC Caferrary (Library 10/Kaha)	
1.5	Staff station must be compatible with Library LMS Software (Libsys-10/Koha)	
1.6	Staff stations must have the capability to generate errors/notifications for partially scanned or	
1.7	incorrectly scanned tags/barcodes. Compatible with the Library's standard circulation desk computers, barcode readers and receipt	
1./	printers.	
1.8	Read/Write distance of Up to 20-30 cm and Capable of read/write and anti-theft programming in a	
1.0	maximum 01-02 seconds	
1.9	Capable to write information and display the information contained on the tags, it should also be	
200	capable to rewrite the information	
1.10	Staff station should allow issue/return/renew of single and multiple RFID tagged items through	
	SIP2/NCIP protocol	
1.11	Staff Station should extend the facility to check dual authorization of patrons using RFID Smart Card	
	withan option to Thumb Print validation.	
1.12	Includes reader for patron ID Card based on ISO/IEC 14443A Mifare for personalization of data into	
	the ISO/IEC 14443A Mifare passive contactless 1-2 Kb smart card in the predefined location in the	
	memory	
1.13	Staff Station must use an anti-collision algorithm that does not limit the number of tags which can be	
	simultaneously identified and read.	
1.14	Staff station should be capable of generating notifications for the barcodes/tags (books) which are	
4 4 5	marked for Reservations (Hold), not for issues, etc.	
1.15	Indicators are LED/Buzzer for power, read verification, etc.	
1.16	Provision for the display of member photograph along with member details while doing the	
	transactions, including Provision of enquiry of checkouts against a member and its due date	
1.17	Provision of slip printing containing the details of a transaction along with Institute logo, etc.	
1.18	Provision of transaction confirmation on e-mail/SMS/WhatsApp	
	· ·	
2	RFID SECURITY GATE (Qty: 01)	
2.1	Include two theft detection pedestals and 2 antennas for a large detection area (with wheelchair	
	accessibility), which are independent of each other and also have overlapping protection zones	
	providing additional security.	
2.2	Operating frequency - 13.56 MHzmust read multiple tags (>15) in all orientations	
2.3	Compliance with ISO standards 15693 and ISO 18000-3 mode	
2.4	Suitable for various types of I/O ports for connecting external devices such as webcam triggers,	
	CCTV, locking doors, etc.	
2.5	Gate must have an anti-collision algorithm that does not limit the number of tags which can be	
	simultaneously identified and read	
2.6	Capable of generating footfallstatistics (in-out both) of library	
2.7	Security gates should have both sound and light-based Security Alarms. The alarm system has	
	flexible light in different colours.	
2.8	In order to save energy, the gates should have sleeping mode and use minimal energy when there are	
	no people passing through it and the gate should automatically come to active mode if any	

	movement is detected between the gates	
2.9	Read Range at least 1 Meter between Two EAS Pedestals.	
2.10	Gates must be capable of providing item security even when the ILM software or network is offline or not functioning.	
2.11	Gates must support the future expansion of multiple gates	
2.12	Gates must trigger the alarms even if a user exits with unissued tagged item(s) along with a laptop and mobile.	
2.13	Auto-generated alerts on system failure should be communicated to the system administrator.	1
2.14	The alarm should trigger the RFIDtag, indicating that the item is not issued.	1
2.15	Communication Interface Ethernet (TCP / IP) via the USB	
2.16	The system software shall be able to provide all the statistics of the gate, including the people counter and the list of items which generated an alarm.	
3	RFID DROP BOX FOR BOOK RETURN (Qty: 01)	
3.1	The drop box should be aesthetically designed and must comply with internationally recognized	1
3.2	standards for RFID-based self-return system Dropbox must be integrated with ILM software (Libsys10/KOHA) through SIP2/NCIP protocol	
3.3	Drop must be able to connect to the library's Ethernet network via an RJ-45 connector and/or secured	
3.4	wireless network	
	Once the transaction is complete, the system should generate a slip/email confirming the transaction	
3.5	Client software for checking-in facility and communicating with ILM Software with provision for E-mail/SMSconfirmation	
3.6	If there is a fine on the book, suggested notification should be alerted to users and instruct the user to return the books through the Library Circulation Desk. The library should be able to customize the information on the slip as per the library's requirements.	
3.7	The dropbox should be upgradable in future to support multiple bins.	
3.8	Dropbox should be able to accept all types of library's RFID tagged items, including but not limited to books, journals, bound volumes, CDs, DVDs, etc.	
3.9	If the item does not belong to the library, the Dropbox should not accept the item. But if the item is	1
	placed along with the valid library item, drop box should accept all items	
3.10	Dropbox should be with in-built RFID Card / Biometric Reader / Virtual Keyboard / Number	1
	Keypad for validation of the user details as per library's current or future requirements	
3.11	Operation: 24-hour operation should be possible	
3.12	High-Speed Thermal Slip Printer	
3.13	The drop box should be built with an industrial PC and Touch Screen (at least 17 inches) for smooth operation. Bidder shall submit the relevant documents/ certificate / brochure / etc for the same.	ı
3.14	The drop box software should be customizable as per client's requirements both at the interface level and functional/feature level.	
3.15	The drop box should have book drop system with collection of books minimum of 100 items. Return bin should have proper system to minimize the book damage.	
3.16	The system must automatically switch into store mode the check-in data when the system goes offline due to ILM software being in backup mode or the network being downetc.	
3.17	If multiple items are processed, progress should be clearly reported to the users on the screen.	
4	RFID KIOSK (SELF CHECK-IN- / CHECK-OUT STATION) STATION (Qty: 01)	
4.1	The kiosk should be aesthetically designed and modular in nature.	
4.2	Kiosk must comply with internationally recognized standards for RFID based self-circulation system: ISO 15693, ISO 18000-3 and ISO 14443A (Mifare)	
4.3	Kiosk must be integrated with ILM software through SIP2/NCIPprotocol	
4.4	Kiosk must be capable to connect Ethernet network via RJ-45 connector and/or wireless network	
4.5	The kiosk must capable to manage circulation system with touch screen 17 inch or higher LED screen and auto navigation of cursor	
4.6	The kiosk must have facility to print transaction (Check-in and Check-out both) receipt. The format of receipt should be customizable. The printer should accept standard printer rolls. Thermal Line Printing, Interface: USB, Print Speed: 200 mm/second	1
4.7	Kiosk must be capable to host circulation system to update the book status and turn the security status on/off	
4.8	Kiosk must use an anti-collision algorithm that does not limit number of tags which can be simultaneouslyidentified and read	
4.9	Kiosk must read RFID tags of booksas well as smart cards of patron under frequency of 13.56MHz	
4.10	The kiosk must simultaneously process multiple RFID tagged itemsduring Check-out and Check-in	

4.11	The Kiosk should be modular in nature for supporting future requirements like drop box, multiple self-check-out in single standalone system, auto sorter, facility to unlock media items like CDs and DVDs.	
4.12	The kiosk should come with an integrated side shelf made up of toughened glass for placing belonging or books while using the system.	
4.13	The kiosk should be audio enabled in order to have the possibility for extended communication with the Patron	
4.14	The software should enable patrons to check their account (items borrowed, due date for return, any fees / fines pending)	
4.15	When processing library items (issue, return or renewal) the status of each item should be displayed including setting of the security bit and type of item (i.e. books, CD / DVD"s,)	
4.16	Kiosk must comply with necessary Safety and Security standards	
4.17	The Kiosk interface should support various languages such as Indian languages and English.	
4.18	Kiosk must have the ability to maintain records of all the transactions when the ILM Software is offline and then upload transactions when the ILM Software is back to online. This will help library to continue circulation transactions when ILM Software is offline.	
4.19	The kiosk device must provide a performance dashboard which can be accessed through the web /	
	supporting software. Based on Data, statistics should be generated by Hour, Day, Week, Month,	
1.20	etc. Itshould also provide a number of transactions and a number of successful and unsuccessful transactions.	
4.20	The kiosk should extend the facility to check the dual authorization of patrons using RFID Smart Card with an option for Thumb Print validation.	
4.21	The Kiosk should have Light- based user guidance system with a series of LEDs to highlight the	1
	next step in thetransaction, helping patronseffortlessly navigate through theself-service process.	
4.22	Read Range: 20-25 cms 3 to 4 books of average size	
5	RFID HANDHELD PORTABLE READER (Qty: 02)	
5.1	Reader must comply with internationally recognized standards for RFID	
5.2	Reader should be light-weight.	
5.3	Capable enough to accommodate data collection of Shelf reading (inventory), identifying items	
	from search lists	
5.4 5.5	Reader should have a flexibleantenna on a rotation axis.	
5.6	Reader should have the capabilityto work off-line. Reader should have facility to transfer data using USB, or Memory Card or Bluetooth or Wireless	
	(WiFi).	
5.7	Reader must use an anti-collision algorithm that does not limit number of tags which can be simultaneously identified and read	
5.8	Reader should be capable of performing an instantaneous inventory of all on-shelf items by reading the RFID tagged items. Following an inventory, the reader should support uploading of the data to the ILM Software.	
5.9	Reader should be able to gather data into a file that should be imported into the ILM software for inventory. Reader should be able to import .txt and .csv files to use as 'search' records.	
5.10	Minimum 6" Capacitive Touch Screen panel should display information relating to the current task. It should support both audio and visual notifications. The device should allow the user to navigate through the onscreen menu.	
5.11	The reader should have identification for both Barcode & RFID labels.	
5.12	The reader should provide an effective read range minimum of 20-30 cm.	
5.13	Reader battery life must allow the user to work for at least 4 hours before charging or changing of batteries is required.	
5.14	Compliant with ISO standards18000-3 Mode and ISO 15693	
5.15	Operating Frequency 13.56 MHz and Read Speed at least 30 tags per second	
5.16	The handheld reader should include memory of at least 16GB	
4.17	Android 14.0 or above	
6	SELF ADHESIVE RFID TAGS (FOR BOOKS) (Qty: 100000)	
6.1	The RFID chip used in the tag should have been designed specifically for Library use. i.e. it	
	should have three sections:	
	°Lockable section for item identification	
	•Re-writable section for library-specific use •Security function (EAS/AFI) for item anti-theft (which can be activated and deactivated)	
6.2	Compliant with ISO standard18000–3 and ISO 15693	
6.3	The RFID chip (NXP SLIX2) should have multi read function, i.e. several tags can be read at once.	
6.4	Tag size should be approximately 80mm x 50mm with at least 1024 bits memory, multi-read and	
	anti-theft	

6.5	Other features: "Tag Talks First" (TTF) feature, tamper proof, detection rate of the system should be above 95% consistently regardless of the number of items that are in the field	
6.6	At least 50 years warranty to the Applied Item and Read / Write Endurance: 100K Cycles and	
	replacement of defective tags if found during first time tagging.	
6.7	The RFID tags should Operate at Frequency of 13.56 MHz (HF). (Tag data sheet to be provided)	
6.8	Electrical characteristics • Operating frequency 13.56 MHz	
	• Minimum memory 2048 bits R/W EEPROM	
6.9	Tags must provide security and inventory control functionality	
6.10	Tags must be enabled with anti- collision algorithm which doesn't limit the number of tags which	
	can be simultaneously identified andread	
6.11	Self-adhesive and should be in proper format to paste on Books and CDs/DVDs. The RFID tag should be a customized sticker with IIT (BHU) Varanasi Logo and library name. (Tag sample to be provided)	
7	RFID Tagging Job Work (Qty: 80000)	
7.1	Tagging, i.e. Programming of RFID Books Tags in ISO 28560 along with Shielding with Logo	
	Stickers at IIT BHU Library.	
7.2	Data validation & Retrieving the Book from the shelf and returning the same to the Specific shelf	
	after processing as per Library standards for all Book entries.	
8	SMART CARD PRINTER WITH WEBCAM AND PEN TABLET) (Qty: 01)	
8.1	Latest High-speed PVC direct-to-card printer that can print full edge-to-edge colour cards in one	
	printing process on both sides and a Multi-status LED operator display	
8.2	Card Printing Software	
8.3	Print Method: Resin Thermal Transfer/Dye Sublimation	
8.4	Minimum 300 dpi print resolution	
8.5 8.6	100 cards (24 mil) capacity feeder USB 2.0 Standard, Built-in 10/100 Ethernet, 802.11ac (Opt.)	
8.7	Printer Consumables: Full Color Ribbons (5 Nos.) and Cleaning Kit (1 No.)	
8.8	Accepts CR80/Mifare card size	
8.9	Includes Pen Tablet and Webcam (for capturing clear picture and signature of member for card printing)	
8.10	Accepts CR80/Mifare card size	
9	SMART CARDS – PRE-PRINTED (Qty: 3000)	
9.1	The smart cards should be 1-2 KB Mifare cards with pre printing on both sides (design to be approved by the purchaser)	
9.2	The Smart Card must be ISO 14443A compliant abd The smart card must be readable by other OEM's RFID/NFC readers compliant with ISO 14443A.	
9.3	Chip (Mifare) 1024 Bits Memory	
9.4	Feature to block re-writing of a smart card.	
9.5	Cards should be useable for other campus applications, including access control in IIT (BHU) Varanasi	
10		
10.1	RFID SMART CARD PRINTING JOB WORK (Qty: 9000) Data will be provided by the Institution. Data printing on the card as per approved specifications of	
10.1	the Institute, as per requirement (Student Details, Program Name, Sign and Photo, etc)	
11	RFID SMART CARD REGISTRATION DEVICE (Qty: 02)	
11.1	Supplier should have the ability to integrate with the existing I-card, biometric data of the users of IIT(BHU) Varanasi	
11.2	Performs Read/Write/Anti-theft programming.	
11.3	Read/Write distance of Up to 5 cm and programming time of 1 second	
11.4	Should be fully ISO/IEC 14443A, 15693 and ISO 18000:3 compliant	
11.5	The programming station should interface with the Library Management Software using NCIP V2.0/SIP2 protocol	
11.6	Performs read/write for patron ID Card based ISO/IEC 14443A Mifare for personalization of data into the ISO/IEC 14443A Mifare passive contactless 1-2 kb smart card in the predefined location in the memory	
11.7	Indicators: LED / Buzzer for power, read verification etc.	
11./	materials. 222 / Bullet for porror, roug formation occ.	
12	RFID DIGITAL ENTRY REGISTER (Qty: 02)	
12.1	Read/Write distance of Up to 5-10 cm and programming time of 1-2 seconds	
12.2	Standard ISO/IEC 14443A, 15693 and ISO 18000:3 compliant	

12.3	The programming station should interface with the Library Management Software using NCIP V2.0/SIP 2 protocol	
12.4	Includes reader for patron ID Card based ISO/IEC 14443A Mifare for personalization of data into the ISO/IEC 14443A Mifare passive contact less 1-2 KB smart card in the predefined location in the memory	
12.5	Communication: Interface Ethernet and/or WLAN	
12.6	Indicators LED / Buzzer for power, read verification etc.	
12.0	indicators EED / Buzzer for power, read verification etc.	
13	INSTITUTION LABELS (LOGO) / ANTI THEFT STICKER (Qty: 300000)	
13.1	Good Quality Self Adhesive Stickers with IIT BHU Logo for shielding RFID Book Tags, Size: 80mm x 100mm	
14	INTEGRATION SOFTWARE MODULE FOR THE PURPOSE OF LIBSYS10 LMS INTEGRATION, TRANSACTIONS AND REPORTING (Qty: 01)	
14.1	Full Setup of NCIP/SIP2 protocol for RFID System in the Library	
14.2	Tagging / Re-tagging after proper online validation of the title / member records from ILMS	
	database	
14.3	Tag monitoring by accessing item record from ILMS database	
14.4	Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database	
14.5	NCIP V2.0 /SIP2 compliance	
14.6	Retagging option for re-registration of books & patrons	
14.7	Check out /Check-in/Renewal	
14.8	Provision of enquiry of checkouts against a member and its due date	
14.9	Provision for details of fine against a member	
14.10	Provision of slip printing containing the details of a transaction	
14.11	Provision of Various reports should be available like tagged items, registered members,	
	circulation transactions, etc. filtered by the operator, RFID client etc.	
14.12	Provision for tracking entry/exit of members visiting the library	
14.13	Provision for footfalls count of library visitors	
14.14	Recording of accession number of books taken out from the library un-issued, i.e. without	
	disabling security bit.	
14.15	Provision of Auto login to staff station using registered smart card	
14.16	Provision of Circulation rights assignment to multiple users	
14.17	Provision to block the circulation transactions if a member's fine exceeds configurable limit	
14.18	Provision to perform Auto Check-in of books so that large quantities of books can be checked in quickly	
14.19	Provision to block the members to prevent circulation operations	
15		
15	Integration Software Module for the purpose of Stable/Latest version of KOHA LMS integration, transactions and reporting (Qty: 01)	
15.1	Full Setup of NCIP/SIP2 protocol for RFID System in the Library	
15.2		
	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database	
15.3	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database	
15.3 15.4	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database	
15.3 15.4 15.5	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance	
15.3 15.4 15.5 15.6	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance Retagging option for re-registration of books & patrons	
15.3 15.4 15.5 15.6 15.7	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance Retagging option for re-registration of books & patrons Check out / Check-in/Renewal	
15.3 15.4 15.5 15.6 15.7 15.8	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance Retagging option for re-registration of books & patrons Check out / Check-in/Renewal Provision of enquiry of checkouts against a member and its due date	
15.3 15.4 15.5 15.6 15.7 15.8 15.9	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance Retagging option for re-registration of books & patrons Check out / Check-in/Renewal Provision of enquiry of checkouts against a member and its due date Provision for details of fine against a member	
15.3 15.4 15.5 15.6 15.7 15.8 15.9 15.10	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance Retagging option for re-registration of books & patrons Check out / Check-in/Renewal Provision of enquiry of checkouts against a member and its due date Provision for details of fine against a member Provision of slip printing containing the details of a transaction	
15.3 15.4 15.5 15.6 15.7 15.8 15.9 15.10	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance Retagging option for re-registration of books & patrons Check out / Check-in/Renewal Provision of enquiry of checkouts against a member and its due date Provision for details of fine against a member Provision of slip printing containing the details of a transaction Provision of Various reports should be available like tagged items, registered members, circulation transactions, etc. filtered by the operator, RFID client etc.	
15.3 15.4 15.5 15.6 15.7 15.8 15.9 15.10 15.11	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance Retagging option for re-registration of books & patrons Check out / Check-in/Renewal Provision of enquiry of checkouts against a member and its due date Provision for details of fine against a member Provision of slip printing containing the details of a transaction Provision of Various reports should be available like tagged items, registered members, circulation transactions, etc. filtered by the operator, RFID client etc. Provision for tracking entry/exit of members visiting the library	
15.3 15.4 15.5 15.6 15.7 15.8 15.9 15.10 15.11 15.12	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 / SIP2 compliance Retagging option for re-registration of books & patrons Check out / Check-in/Renewal Provision of enquiry of checkouts against a member and its due date Provision for details of fine against a member Provision of slip printing containing the details of a transaction Provision of Various reports should be available like tagged items, registered members, circulation transactions, etc. filtered by the operator, RFID client etc. Provision for footfalls count of library visitors	
15.3 15.4 15.5 15.6 15.7 15.8 15.9 15.10 15.11 15.12 15.13	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 /SIP2 compliance Retagging option for re-registration of books & patrons Check out /Check-in/Renewal Provision of enquiry of checkouts against a member and its due date Provision for details of fine against a member Provision of slip printing containing the details of a transaction Provision of Various reports should be available like tagged items, registered members, circulation transactions, etc. filtered by the operator, RFID client etc. Provision for tracking entry/exit of members visiting the library Provision for footfalls count of library visitors Recording of accession number of books taken out from the library un-issued, i.e. without disabling security bit.	
15.3 15.4 15.5 15.6 15.7 15.8 15.9 15.10 15.11 15.12 15.13 15.14	Tagging / Re-tagging after proper online validation of the title / member records from ILMS database Tag monitoring by accessing item record from ILMS database Patron Smart Card personalization and monitoring by accessing patron ID from ILMS database NCIP V2.0 /SIP2 compliance Retagging option for re-registration of books & patrons Check out /Check-in/Renewal Provision of enquiry of checkouts against a member and its due date Provision for details of fine against a member Provision of slip printing containing the details of a transaction Provision of Various reports should be available like tagged items, registered members, circulation transactions, etc. filtered by the operator, RFID client etc. Provision for tracking entry/exit of members visiting the library Provision for footfalls count of library visitors Recording of accession number of books taken out from the library un-issued, i.e. without disabling security bit. 16	Stable / Latest version of KOHA Installation (Linux Server), Customization	
	and data migration (Qty: 01)	
16.1	Proposed library management software should be complete web based application i.e. should be accessible via any of the explore software like Internet Explorer, Firefox Mozilla, Google Chrome, etc.	
16.2	Should support international standards: MARC21	
	Z39.50, UNICODE, ISO2709, SRU and SIP2	
16.3	Web-OPAC Customization is as per the S D Library requirement.	
16.4	The software system should be installed with all the modules including but not limited to	
	Acquisition, Cataloging, Serial Management Circulation / Member Management System Web	
	OPAC, Reports, Stock verification and its report, Administration.	
4	Customisation & Implementation is as per the S D Library requirement	
16.5	Full bibliographic data import/export as per the S D Library requirement. Note: The library will provide data in CSV/MARC format or may provide a facility to migrate data from Libsys.	
16.6	Customized reports and provision of creating unlimited reports as per the library's requirements including stock verification and its report	
16.7	Cataloging of any type of resources should be possible along with creation of any type of	
10.7	category/s of item available in the library. Cataloging /data entry template for the library resources should be customizable	
1638	Proposed system should be able to integrate with third Vendor/Company application like single	
	login system, single search engine, campus management system, payment gateway, EDI, etc. if	
	required in future under customization	
17	TRAINING AND JOB WORK	
17.1	Onsite training of all the equipment associated with RFIDsystem is required	
17.2	Complete manual / guide /software for operating RFID equipment to be provided	
17.3	Timeline to complete the tagging of Books and other existing material in library and enabling	
4= 4	existing smartcards of patrons should be provided	
17.4	Software/ Hardware should allow real-time tracking of location of documents within different floors of library	
17.5	Integration with existing LMS (Libsys10/Koha) to show location on real-time basis reflect in the WebOPAC.	
17.6	Any other may please be added. This is for a comprehensive solution involving both RFID. All requirements of power, space accessories (including any civil / electrical work should be specified)	
18	General requirements of schedule-1	
18.1	All RFID equipment should be from one manufacturer only and should be from OEM (Original	
	Equipment Manufacturer) having ISO certification as specified in the tender document. The Institute will not accept any assembled system sourced from different manufacturers.	
18.2	The RFID equipment, including Gate, should be having ETA (Equipment Type Approval) from	
	Wireless Planning Commission. This is a mandatory requirement for both Indian and	
10.2	International Manufacturers.	
18.3	Merely a statement regarding meeting all the specifications or stating that specifications are as	
	per our data sheet / brochure is not acceptable. If found that the specifications are not met and the vendor has stated that the products meet the specifications, the vendor is likely to be blacklisted.	
18.4	The RFID equipment should support one or both protocols of SIP2 and NCIP V2.0. The Bidder	+
20.7	will be fully responsible for standard integration using SIP2/NCIP V2.0 protocol with LMS and	
	the performance of all components of the RFID equipment and materials being supplied and	
	installed.	
18.5	Provide warranty for 05 years' period for the whole RFID system and of each component in the	
	system. If any malfunctioning device or defective material is found during the warranty period,	
	the device or material should be replaced free of cost within reasonable time.	
18.6	The software provided in the system carries perpetual license.	
18.7	If any middleware/integration module/software is used to connect the RFID system to LMS, this	
	should be user installable and configurable. This would need to be demonstrated and training	
	should be imparted for the same. Any up-gradation of LMS should not require any changes in the	
	middleware/integration module/software and Library should be free to update its LMS as and when ungrades are available without any effect on the REID system.	
18.8	when upgrades are available without any effect on the RFID system. It should be possible to install the middleware/integration module/software for tagging on any	+
10.0	number of computers or laptops. The tagging process should function independently in order to	
	facilitate tagging jobs at any place.	
18.9	menime magning jood at any prace.	+
18.10	Vendor should provide technical and service support within 24 hours of reporting the issue at	1
	and the same of the support that a food of reporting the issue the	1

	their cost. Support can be provided through call/email/any remote supporting tools or through a personal visit to the site of installation. For critical issues, the vendor should send support	
	engineers to resolve the issue.	
18.11	Any upgrade in the software provided by the OEM for the RFID hardware should be provided	
	free of cost during the maintenance contract.	
18.12	All the items of the RFID system should meet the highest level of safety standards prescribed for	
	library automation solutions at the international level. Bidder should submit necessary supporting	
	documents stating that the RFID equipment are duly certified by safety and security agencies,	
	such as Underwriters Laboratories (UL), ADA, ANATEL, CE, CSA, Ctick, DDA, ECC, ETL,	
	ETSI, EU-RoHS, FCC, IC, MET, RCM, WEEE etc whichever is applicable in India.	
18.13	Completed Manufacturer Authorization Form as per given format for the equipment intended to	
	be supplied.	
18.14	Undertaking by the OEM to the effect that the proposed models of any of the equipment and	
	devices included in the proposed "Theft Protection and Identification System" will not be	
	declared as End of sale by the manufacturer within three years from the last date of bid	
	submission and support will be available for at least next seven years from the date of	
	procurement for each of the equipment.	

Other Terms

- 1. Price of the facility should be quoted in Indian currency.
- 2. Price should be quoted F.O.R to IIT (BHU) Varanasi.
- 3. **Penalty:** A penalty of 1% of the order value will be applied for late delivery of the goods for each week thereof subject to a maximum of 10%.
- 4. **User List**: Provide users for last 5 years with contact person name, address, phone, and email IDs.
- 5. **Manuals/Documents**: 1 set of hard copy and 1 set of soft copy in English (preferred as following).
 - i. Operating manuals
 - ii. Maintenance manual
 - iii. Servicing manual
 - iv. Programming manual
 - v. Manuals of bought out items incorporated in the system
 - vi. Details of any custom-made ICs & components & their sources
- 6. The bidder must be authorized by the respective OEM to supply, install and maintain the system. The Tender should be enclosed with proper certifications like **Authorization Certificate and Proprietary Certificate**, in case of Proprietary items.
- 7. Submit Electronic copy of the technical specifications and bids.
- 8. The vendor to provide compliance statement with respect to each technical specification in the tender document duly supported by the manufacturer's literature. Any other claim will not be accepted and may lead to rejection of the bid.
- 9. Printed literature in support of compliance to the prescribed specifications is to be submitted.
- 10. Compliance report needs to be submitted as a part of the technical bid.
- 11. Institute reserves the right to visit installation in India of similar capabilities the details with to regard to such installation should be given as a part of technical bid.
- 12. Technical evaluation by the Institute may include demonstration to verify functionalities and capabilities of the system quoted.

Note: The Institute reserve the right to place orders either on point no 14 OR point no 15 -16 on an L1 basis.

Professor-In-Charge Shreenivas Deshpande Library Indian Institute of Technology (BHU) Varanasi Varanasi-221005, Uttar Pradesh, India

1.	INTEGRATED RFID STAFF STATION WITH			OD MEMRED
1.	IDENTIFICATION	VIII AKE CAKI) KEADEK I	OK WEWIDEK
1.1	It should consist of an RFID- antenna, an RFID reader, a			
1.1	barcode scanner/reader, and a magnetization/demagnetization			
	set-up.			
1.2	The RFID antenna should be fully shielded and should have a			
	focused read area. It should only read items that are placed on			
1.0	it. It should not read items that are in the vicinity.			
1.3	Should be fully ISO/IEC 14443A, 15693 and ISO 18000:3 compliant			
1.4	The staff station should be directly integrated with the			
1.4	library management system through NCIP V2.0 / SIP2			
	protocol or by using OEM software/keyboard wedge.			
1.5	Stoff station must be consectible with Library LMC C. C.			
1.5	Staff station must be compatible with Library LMS Software (Libsys-10/Koha)			
1.6	Staff stations must have the capability to generate			
	errors/notifications for partially scanned or incorrectly scanned tags/barcodes.			
1.7	Compatible with the Library's standard circulation desk			
1.,	computers, barcodereaders and receipt printers.			
1.8	Read/Write distance of Up to 20-30 cm and Capable of			
	read/write and anti-theft programming in a maximum 01-02			
	seconds			
1.9	Capable to write information and display the information			
	contained on the tags, it should also be capable to rewrite the information			
1.10	Staff station should allow issue/return/renew of single and			
1.10	multiple RFID tagged items through SIP2/NCIP protocol			
1.11	Staff Station should extend the facility to check dual			
	authorization of patrons using RFID Smart Card with an			
4.15	option to Thumb Print validation.			
1.12	Includes reader for patron ID Card based on ISO/IEC			
	14443A Mifare for personalisation of data into the ISO/IEC 14443A Mifare passive contactless 1-2 Kb smart card in the			
	predefined location in the memory			
1.13	Staff Station must use an anti-collision algorithm that does			
	not limit the number of tags which can be simultaneously			
	identified and read.			
1.14	Staff station should be capable of generating notifications for			
	the barcodes/tags (books) which are marked for Reservations (Hold), not for issues, etc.			
1.15	Indicators are LED/Buzzer for power, read verification, etc.			
1.16	Provision for the display of member photograph along with			
-729	member details while doing the transactions, including			
	Provision of enquiry of checkouts against a member and its			
	due date			
1.17	Provision of slip printing containing the details of a			
	transaction along with Institute logo, etc.			
1.18	Provision of transaction confirmation on e-			
	mail/SMS/WhatsApp			
2	DEID SECUDITY CATE		<u> </u>	
	RFID SECURITY GATE			

2.1	Include two theft detection pedestals and 2 antennas for a	
	large detection area (with wheelchair accessibility), which are	
	independent of each other and also have overlapping	
	protection zones providing additional security.	
2.2	Operating frequency - 13.56 MHz must read multiple tags	
2.2		
	(>15) in all orientations	
2.3	Compliance with ISO standards 15693 and ISO 18000-3	
	mode	
2.4	Suitable for various types of I/O ports for connecting external	
	devices such as webcam triggers, CCTV, locking doors, etc.	
2.5	Gate must have an anti-collision algorithm that does not	
2.3		
	limit the number of tags which can be simultaneously	
	identified and read	
2.6	Capable of generating footfall statistics (in-out both) of	
	library	
2.7	Security gates should have both sound and light-based	
	Security Alarms. The alarm system has flexible light in	
	different colours.	
2.8	In order to save energy, the gates should have sleeping mode	
2.0		
	and use minimal energy when there are no people passing	
	through it and the gate should automatically come to active	
	mode if any movement is detected between the gates	
2.9	Read Range at least 1 Meter between Two EAS Pedestals.	
2.10	Gates must be capable of providing item security even when	
	the ILMsoftware or network is offline or not functioning.	
2.11	Gates must support the future expansion of multiple	
2.11		
- 10	gates	
2.12	Gates must trigger the alarms even if a user exits with	
	unissued tagged item(s) along with a laptop and mobile.	
2.13	Auto-generated alerts on system failure should be	
	communicated to the system administrator.	
2.14	The alarm should trigger the RFID tag, indicating that the	
2.11	item is not issued.	
2 15	Communication Intenfers Ethernat (TCD / ID) via the USD	
2.15	Communication Interface Ethernet (TCP / IP) via the USB	
2.15	The system software shall be able to provide all the statistics	
	The system software shall be able to provide all the statistics	
	The system software shall be able to provide all the statistics of the gate, including the people counter and the list of items	
2.16	The system software shall be able to provide all the statistics of the gate, including the people counter and the list of items which generated an alarm.	
2.16	The system software shall be able to provide all the statistics of the gate, including the people counter and the list of items which generated an alarm. RFID DROP BOX FOR BOOK RETURN	
2.16	The system software shall be able to provide all the statistics of the gate, including the people counter and the list of items which generated an alarm. RFID DROP BOX FOR BOOK RETURN The drop box should be aesthetically designed and must

	duen have should accept all thomas			1
2.10	drop box should accept all items			
3.10	Dropbox should be with in-built RFID Card / Biometric			
	Reader / Virtual Keyboard / Number Keypad for validation			
	of the user details as per library's current or future			
	requirements			
3.11	Operation: 24-hour operation should be possible			
3.12	High-Speed Thermal Slip Printer			
3.13	The drop box should be built with an industrial PC and			
	Touch Screen (at least 17 inches) for smooth operation.			
	Bidder shall submit the relevant documents/ certificate /			
	brochure / etc for the same.			
3.14	The drop box software should be customizable as per			
	client's requirements both at the interface level and			
	functional/feature level.			
3.15	The drop box should have book drop system with collection			
0.10	of books minimum of 100 items. Return bin should have			
	proper system to minimize the book damage.			
3.16	The system must automatically switch into store mode the			
5.10	check-in data when the system goes offline due to ILM			
	software being in backup			
	mode or the network being downetc.			
3.17	If multiple items are processed, progress should be clearly		+	
3.17	reported to the users on the screen.			
	reported to the users off the screen.			
4	DEID MOON (OFFI CHIEGE TO LOTTE OF COMME		TION	
	RFID KIOSK (SELF CHECK-IN- /CHECK-OU'	STATION) STA	TION	
4.1	The kiosk should be aesthetically designed and modular in			
	nature.			
4.2	Kiosk must comply with internationally recognized			
	standards for RFID based self-circulation system: ISO			
	15693, ISO 18000-3 and ISO 14443A (Mifare)			
4.3	Kiosk must be integrated with ILM			
	software through SIP2/NCIPprotocol			
4.4	Kiosk must be capable to connect Ethernet network via RJ-			
	45 connector and/or wireless network			
4.5	The kiosk must capable to manage circulation			
	system with touch screen 17 inch or higher LED screen and			
	auto navigation of cursor			
4.6	The kiosk must have facility to print transaction (Check-in			
	and Check-out both) receipt. The format of receipt should be			
	customizable. The printer should accept standard printer			
	rolls.			
	Thermal Line Printing, Interface: USB, Print Speed: 200			
	mm/second			
4.7	Kiosk must be capable to host circulation system to			
T.,	update the book status and turn the securitystatus on/off			
4.8	Kiosk must use an anti-collision algorithm that does not			
7.0	limit number of tags which can be simultaneously identified			
	and read			
4.9	Kiosk must read RFID tags of books as well as smart cards of		+	
4.7				
110	patron under frequency of 13.56MHz		-	
4.10	The kiosk must simultaneously process multiple RFID			
111	tagged itemsduring Check-out and Check-in			
4.11	The Kiosk should be modular in nature for supporting future			
	requirements like drop box, multiple self-check-out in single			
	standalone system, auto sorter, facility to unlock media items			
4.10	like CDs and DVDs.			
4.12	The kiosk should come with an integrated side shelf made			
	up of toughened glass for placing belonging or books while			
	using the system.			
4.13	The kiosk should be audio enabled in order to have the			
	possibility for extended communication with the Patron			
4.14	The software should enable patrons to check their account			
	(items borrowed, due date for return, any fees / fines			
	pending)			
4.15	When processing library items (issue, return or renewal) the			

	status of each item should be displayed including action of	
	status of each item should be displayed including setting of	
	the security bit and type of item (i.e. books, CD /	
	DVD"s,)	
4.16	Kiosk must comply with	
	necessary Safety and Securitystandards	
4.17	The Kiosk interface should support various languages	
	such as Indian languages and English.	
4.18	Kiosk must have the ability to maintain records of all the	
	transactions when the ILM Software is offline and then	
	upload transactions when the ILM Software is back to	
	online. This will help library to continue circulation	
	transactions when	
	ILM Software is offline.	
4.19	Kiosk device must provide performance dashboard	
4.19		
	which can be accessed through the web / supporting	
	software. Based on Data, statistic should be generated by	
	Hour, Day, Week, Month etc. Itshould also	
	provide number oftransactions	
	and number of successful and unsuccessful	
	transactions.	
4.20	Kiosk should extend facility to check dual authorization of	
	patrons using RFID Smart Card with an option to Thumb	
	Print validation.	
4.21	The Kiosk should have Light- based user guidance system	
	with a series of LEDs to highlight the next step in the	
	transaction, helping patrons effortlessly navigate through	
	theself-service process.	
4.22	Read Range: 20-25 cms 3 to 4 books of average size	
5	RFID HANDHELD PORTABLE READER	
5.1	Reader must comply with internationally recognized	
	standards for RFID	
5.2	Reader should be light-weight.	
5.3	Capable enough to accommodate data collection of Shelf	
	reading (inventory), identifying items from search lists	
5.4	Reader should have a flexibleantenna on a rotation axis.	
5.5	Reader should have the capabilityto work off-line.	
5.6	Reader should have facility to transfer data using USB, or	
3.0	MemoryCard or Bluetooth or Wireless (WiFi).	
5.7	Reader must use an anti-collision algorithm that does not	
5.7		
	limit number of tags which can be simultaneously identified	
	and read	
5.8	Reader should be capable of performing an instantaneous	
	inventory of all on-shelf items by reading the RFID	
	tagged items. Following an inventory, the reader should	
	support uploading of the data to the ILM Software.	
5.9	Reader should be able to gather data into a file that	
	should be imported into the ILM software for inventory.	
	Reader should be able to import .txt and .csv files to use	
- 10	as 'search' records.	
5.10	Minimum 6" Capacitive Touch Screen panel should	
	display information relating to the current task. It should	
	support both audio and visual notifications. The device	
	should allow the user to navigate through the onscreen	
	menu.	
5.11	The reader should have identification for both Barcode &	
	RFID labels.	
5.12	The reader should provide an effective read range	
<u></u>	minimum of 20-30 cm.	
5.13	Reader battery life must allow the user to work for at least	
	4 hours before charging or changing of batteries is	
	required.	
5.14	Compliant with ISO standards 18000-3 Mode and	
	ISO 15693	
		
5.15	Operating Frequency 13.56 MHz and Read Speed at least	

	20 tags per second			1
= 1.0	30 tags per second			
5.16	The handheld reader should include memory of at least			
	16GB			
5.17	Android 14.0 or above			
6	SELF ADHESIVE RFID TAGS (FOR BOOKS)			•
6.1	The RFID chip used in the tag should have been designed			
~	specifically for Library use. i.e. it should have three			
	sections:			
	•Lockable section for item identification			
	•Re-writable section for library-specific use			
	Security function (EAS/AFI) for item anti-theft (which			
	can be activated and deactivated)			
6.2	Compliant with ISO standard 18000–3 and			
0.2	ISO 15693			
6.3	The RFID chip (NXP SLIX2) should have multi read			
0.3				
(1	function, i.e. several tags can be read at once.			
6.4	Tag size should be approximately 80mm x 50mm with at			
<i>(</i> =	least 1024 bits memory, multi-read and anti-theft		1	
6.5	Other features: "Tag Talks First" (TTF) feature, tamper			
	proof, detection rate of the system should be above 95%			
	consistently regardless of the number of items that are in			
	the field	-	1	
6.6	At least 50 years warranty to the Applied Item and Read /			
	Write Endurance: 100K Cycles and replacement of			
(7	defective tags if found during first time tagging.			
6.7	The RFID tags should Operate at Frequency of 13.56			
(0	MHz (HF). (Tag data sheet to be provided) Electrical characteristics			
6.8				
	• Operating frequency 13.56 MHz			
(0	• Minimum memory 2048 bits R/W EEPROM			
6.9	Tags must provide security and inventory control			
	functionality			
6.10	Tags must be enabled with anti- collision algorithm which			
	doesn't limit the number of tags which can be			
	simultaneously identified andread			
6.11	Self-adhesive and should be in proper format to paste on			
	Books and CDs/DVDs. The RFID tag should be a			
	customized sticker with IIT (BHU) Varanasi Logo and			
	library name. (Tagsample to be provided)			
7	RFID Tagging Job Work			
7.1	Tagging, i.e. Programming of RFID Books Tags in ISO			
	28560 along with Shielding with Logo Stickers at IIT			
	BHU Library.			
7.2	Data validation & Retrieving the Book from the shelf and			
	returning the same to the Specific shelf after processing as			
	per Library standards for all Book entries.			
8	SMART CARD PRINTER WITH WEBCAM AND P	EN TABLET)		1
8.1	Latest High-speed PVC direct-to-card printer that can			
~	print full edge-to-edge colour cards in one printing process			
	on both sides and a Multi-status LED operator display			
8.2	Card Printing Software		1	
8.3	Print Method: Resin Thermal Transfer/Dye Sublimation	 	+	
8.4	Minimum 300 dpi print resolution		+	
8.5	100 cards (24 mil) capacity feeder			
8.6	USB 2.0 Standard, Built-in 10/100 Ethernet, 802.11ac	1	+	
0.0	(Opt.)			
0.7	Printer Consumables: Full Color Ribbons (5 Nos.) and	+	+	
8.7	recorder Concumulations Hill Color Riphone (5 Noc) and			
00	Cleaning Kit (1 No.)			
8.8	Cleaning Kit (1 No.) Accepts CR80/Mifare card size			
8.8 8.9	Cleaning Kit (1 No.)			

8.10	Accepts CR80/Mifare card size			
0.10	Accepts CROO/Willaic card size			
9	SMART CARDS – PRE-PRINTED			
9.1	The smart cards should be 1-2 KB Mifare cards with pre			<u> </u>
9.1	printing on both sides (design to be approved by the			
	purchaser)			
9.2	The Smart Card must be ISO 14443A compliant abd The			
	smart card must be readable by other OEM's RFID/NFC			
	readers compliant with ISO 14443A.			
9.3	Chip (Mifare) 1024 Bits Memory			
9.4	Feature to block re-writing of a smart card.			
9.5	Cards should be useable for other campus applications,			
	including access control in IIT (BHU) Varanasi			
10	DEID SMART CARD DRINTING IOD WORK			
	RFID SMART CARD PRINTING JOB WORK			<u> </u>
10.1	Data will be provided by the Institution. Data printing on the			
	card as per approved specifications of the Institute, as per			
	requirement (Student Details, Program Name, Sign and			
	Photo, etc)			
11	DEID CMADE CARD REGISTRATION REVICE	1		l
11	RFID SMART CARD REGISTRATION DEVICE			T
11.1	Supplier should have the ability to integrate with the			
	existing I-card, biometric data of the users of IIT(BHU)			
11.2	Varanasi Denforms Read/Write/Anti-theft programming			
11.2	Performs Read/Write/Anti-theft programming.			
11.3	Read/Write distance of Up to 5 cm and programming time of 1 second			
11.4	Should be fully ISO/IEC 14443A, 15693 and ISO 18000:3			
11.1	compliant			
11.5	The programming station should interface with the			
	Library Management Software using NCIP V2.0/SIP2			
	protocol			
11.6	Performs read/write for patron ID Card based ISO/IEC			
	14443A Mifare for personalization of data into the			
	ISO/IEC 14443A Mifare passive contactless 1-2 kb smart			
	card in the predefined location in the memory			
11.7	Indicators: LED / Buzzer for power, read verification etc.			
12	RFID DIGITAL ENTRY REGISTER			
12.1	Read/Write distance of Up to 5-10 cm and programming			
	time of 1-2 seconds			
12.2	Standard ISO/IEC 14443A, 15693 and ISO 18000:3			
	compliant			
12.3	The programming station should interface with the			
	Library Management Software using NCIP V2.0/SIP 2			
42 :	protocol			
12.4	Includes reader for patron ID Card based ISO/IEC			
	14443A Mifare for personalization of data into the			
	ISO/IEC 14443A Mifare passive contact less 1-2 KB			
12 F	smart card in the predefined location in the memory Communication: Interface Ethernet and/or WLAN			
12.5 12.6	Indicators LED / Buzzer for power, read verification etc.			
12.0	maleators LED / Buzzer for power, read verification etc.			
13	INSTITUTION LABELS (LOGO) / ANTI THEFT ST	 		1
13.1	Good Quality Self Adhesive Stickers with IIT BHU Logo for	ICKEK		
13.1	shielding RFID Book Tags, Size: 80mm x 100mm			
	J			
14	INTEGRATION SOFTWARE MODULE FOR THE F	URPOSE OF LIE	SYS10 LMS	<u> </u>
	INTEGRATION, TRANSACTIONS AND REPORTI			
14.1	Full Setup of NCIP/SIP2 protocol for RFID System in the	-		
1 7.1	Library			
14.2	Tagging / Re-tagging after proper online validation of the			
	title / member records from ILMS database			
14.3	Tag monitoring by accessing item record from ILMS

17.5	Integration with existing LMS (Libsys10/Koha) to show			
	location on real- time basis reflect in the WebOPAC.			
17.6	Any other may please be added. This is for a			
	comprehensive solution involving both RFID. All			
	requirements of power, space accessories (including any			
	civil / electrical workshould be specified)			
10	Con and manying manying to a first to the			
18	General requirements of schedule-1		T	
18.1	All RFID equipment should be from one manufacturer			
	only and should be from OEM (Original Equipment			
	Manufacturer) having ISO certification as specified in the tender document. The Institute will not accept any			
	assembled system sourced from different manufacturers.			
18.2	The RFID equipment, including Gate, should be having			
10.4	ETA (Equipment Type Approval) from Wireless Planning			
	Commission. This is a mandatory requirement for both			
			i	

	Indian and International Manufacturers.		
18.3	Merely a statement regarding meeting all the		
10.5	specifications or stating that specifications are as per our		
	data sheet / brochure is not acceptable. If found that the		
	specifications are not met and the vendor has stated that		
	the products meet the specifications, the vendor is likely to		
	be blacklisted.		
18.4	The RFID equipment should support one or both protocols		
	of SIP2 and NCIP V2.0. The Bidder will be fully		
	responsible for standard integration using SIP2/NCIP		
	V2.0 protocol with LMS and the performance of all		
	components of the RFID equipment and materials being		
10.	supplied and installed.		
18.5	Provide warranty for 05 years' period for the whole RFID		
	system and of each component in the system. If any		
	malfunctioning device or defective material is found		
	during the warranty period, the device or material should be replaced free of cost within reasonable time.		
18.6	The software provided in the system carries perpetual	+ + + + + + + + + + + + + + + + + + + +	
10.0	license.		
18.7	If any middleware/integration module/software is used to	+ + + + + + + + + + + + + + + + + + + +	
2000	connect the RFID system to LMS, this should be user		
	installable and configurable. This would need to be		
	demonstrated and training should be imparted for the		
	same. Any up-gradation of LMS should not require any		
	changes in the middleware/integration module/software		
	and Library should be free to update its LMS as and when		
	upgrades are available without any effect on the RFID		
10.0	system.		
18.8	It should be possible to install the middleware/integration		
	module/software for tagging on any number of computers or laptops. The tagging process should function		
	independently in order to facilitate tagging jobs at any		
	place.		
18.09	Vendor should provide technical and service support		
	within 24 hours of reporting the issue at their cost.		
	Support can be provided through call/email/any remote		
	supporting tools or through a personal visit to the site of		
	installation. For critical issues, the vendor should send		
	support engineers to resolve the issue.		
18.10	Any upgrade in the software provided by the OEM for the		
	RFID hardware should be provided free of cost during the		
10 11	maintenance contract.		
18.11	All the items of the RFID system should meet the highest		
	level of safety standards prescribed for library automation solutions at the international level. Bidder should submit		
	necessary supporting documents stating that the RFID		
	equipment are duly certified by safety and security		
	agencies, such as Underwriters Laboratories (UL), ADA,		
	ANATEL, CE, CSA, Ctick, DDA, ECC, ETL, ETSI, EU-		
	RoHS, FCC, IC, MET, RCM, WEEE etc whichever is		
	applicable in India.		
18.12	Completed Manufacturer Authorization Form as per given		
	format for the equipment intended to be supplied.		
18.13	Undertaking form the OEM of the quoted model is		
	required that the quoted product is presently under		
	manufacturing and it is not out of manufacturing. The		
	support will be available for at least the next 7 years from		
	the date of procurement for each of the equipment.

ORIGINAL EQUIPMENT MANUFACTURER (OEM)

<u>Manufacturing Authorization Form (MAF)</u> (On Letter Head of Manufacturer)

Note:

- 1. Items of indigenous nature or quoted in INR, more than 1 authorized representative may participate in the same tender and submit their bids on behalf of their OEM/Principal/Manufacturer if the OEM permits more than one authorized bidder in such case as per their policy.
- 2. In cases of agents quoting in offshore procurements, on behalf of their principal manufacturers, one agent cannot represent two manufacturers or quote on their behalf in a particular tender enquiry. One manufacturer can also authorize only one agent/dealer.
- 3. The letter of authority should be on the letterhead of the manufacturer and should be signed by a person competent and having the power of attorney to bind the manufacturer. The same should be included by the bidder in its techno-commercial unpriced bid.

DECLARATION

(To be submitted on the letterhead of Company)

To, Prof-In-Charge Shreenivas Deshpande Library Indian Institute of Technology (BHU) Varanasi Varanasi-221005, Uttar Pradesh, India

We certify as under:

We have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India and on sub-contracting to contractors from such countries, and solemnly certify that we fulfill all requirements in this regard and are eligible to be considered.

We certify that:

Yours faithfully,

a. We are not from such a country or, if from such a country, we are registered with the Competent Authority (copy enclosed);

and

b. We shall not subcontract any work to a contractor from such countries unless such contractor is registered with the Competent Authority.

(Signature of the Bidder, with Official Seal)

ANNEXURE-VII

DECLARATION OF LOCAL CONTENT

[Declaration / Certificate to be provided by Statutory Auditor or Cost Auditor of the Company (in case of companies) or from a practicing Cost Accountant or practicing Chartered Accountant (in respect of suppliers other than companies) for tender value above Rs. 10 crores]

To, Prof-In-Charge Shreenivas Deshpande Library Indian Institute of Technology (BHU) Varanasi Varanasi-221005, Uttar Pradesh, India

Subject: Declaration of Local Content

Tender Reference No:	-	
Name of Tender/ Work:		

We hereby certify that the goods / software / solution being offered by us vide our proposal, comply with the provisions of Make In India (MII) Order No P-45021/2/2017-PP(BE-II)-Part(4)Vol.II dated 19.07.2024 issued by Public Procurement Division, Department of Investment and Internal Trade, Ministry of Commerce, GoI as amended from time to time.

We hereby certify the details pertaining to goods / software / solution offered by us, against the tender requirement is given below:

Sr No	Item Description, Make, Model	Country of origin of OEM	Country of Manufacture of item	Percentage of local contents	Details of the location(s) at which the local value addition is made	*Consolidated MII % for the offered solution
1	Item 1					
2	Item 2					
••••						
3	Item n					

^{*}The Consolidated MII % for the offered solution shall be considered for determining —Local content.

—Local Content means the amount of value added in India which shall, unless otherwise prescribed by the Nodal Ministry, be the total value of the item procured (excluding net domestic indirect taxes) minus the value of the imported content in the item (including all customs duties) as a proportion of the total value, in percent.

We are solely responsible for the abovementioned declaration. False declaration will be in breach of Code of Integrity under Rule 175(1)(i)(h) of the General Financial Rules for which a bidder or its successors can be debarred for up to two years as per Rule 151(iii) of the General Financial Rules along with such other actions as may be permissible under law.

Note:

1. It is mandatory for bidders to quote items having minimum local content as per Govt. of India guidelines.

- 2. The Country of origin / manufacturing should be declared for goods/ software/ solution being offered.
- 3. IIT(BHU) reserves the right to Accept / Reject / Cancel the bid / bidder, at its sole discretion, based on the responses received against the MII and Land border sharing declarations submitted by the bidders / vendors.
- 4. While declaring the Local content percentage, the aforementioned OM must be taken into consideration by the bidders/OEMs. In case of any ambiguity/doubt the bidders may visit DPIIT website https://dpiit.gov.in/sites/default/files/FAQ PublicProcurement 22April2024.pdf.

Yours faithfully,

(Signature of the bidder, with Official Seal)

Note: It is mandatory for bidders to quote items having local content minimum 20%. Refer revised Public Procurement (Preference to Make in India), Order 2017, No. P-45021/2/2017-PP (B.E-II) dated 16.09.2020 issued by DPIIT, Ministry of Commerce and Industry, Govt. of India.

ANNEXURE VIII

(to be submitted on the letterhead of Company)

UNDERTAKING FOR LIVE VIDEO DEMONSTRATION

To, Prof-In-Charge Shreenivas Deshpande Library Indian Institute of Technology (BHU) Varanasi Varanasi-221005, Uttar Pradesh, India

We, M/s
demonstration for the quoted product
will be given by our company as and when asked by the purchase committee, IIT (BHU) during the technical
evaluation process.
Yours faithfully,
Tours faithfully,
(Signature of the Bidder, with Official Seal)
