

Installation Guide for COMSOL Software

➤ **Licensed products:**

- COMSOL Multiphysics
- AC/DC Module
- Acoustics Module
- Battery Design Module
- CFD Module
- Chemical Reaction Engineering Module
- Corrosion Module
- ECAD Import Module
- Fuel Cell & Electrolyzer Module
- Geomechanics Module
- Heat Transfer Module
- Mixer Module
- Nonlinear Structural Materials Module
- Optimization Module
- Plasma Module
- RF Module
- Semiconductor Module
- Structural Mechanics Module
- Wave Optics Module
- CAD Import Module
- LiveLink™ for MATLAB®
- Design Module

Download the installation setup according to your Operating System.

- Run as administrator “setup.exe”.
- Select “New COMSOL 6.3 Installation.”

➤ Accept the terms & conditions,

- Licence Format: select `<port number>@<hostname>`
- Port number: `1719`, Hostname: `10.2.60.16`
- Click 'Next'.

- Select Licence number: “16084891”, click ‘Next’.

- Select the required modules that you need to install, at the end of the list uncheck the licence manager, click 'Next'.

- Keep it as default settings, click 'Next'.

The screenshot shows the 'Options' tab of the COMSOL Multiphysics 6.3 Installer. The window title is 'COMSOL Multiphysics 6.3 Installer'. The tabs at the top are 'License', 'License Number', 'Products', 'Options' (selected), 'LiveLink', 'Install', and 'Finish'. The 'Options' section contains several checkboxes and radio buttons. The 'Create COMSOL Multiphysics 6.3 shortcuts on Windows Desktop', 'Create COMSOL Multiphysics 6.3 folder on Windows Start Menu', 'Add Windows Firewall rules for COMSOL programs', and 'Associate the .mph file type with this installation' are all checked. 'Configure security policy' is unchecked. The 'Interface for Microsoft PowerPoint®' section has three radio buttons: 'Install for the current user' (selected), 'Install for all users', and 'Do not install'. The 'Interface for Microsoft Word®' section also has three radio buttons: 'Install for the current user' (selected), 'Install for all users', and 'Do not install'. The 'Update' section has two checkboxes: 'Check for updates after installation' (checked) and 'Enable automatic check for updates' (unchecked). The 'Java runtime environment' is set to 'Built-in' in a dropdown menu. The 'CUDA' section has a 'CUDA Directory:' label, a text input field, and a 'Browse...' button. At the bottom, there is a 'Product Information' button on the left, and '< Back', 'Next >', and 'Cancel' buttons on the right.
