

## Recognition to IIT-BHU as IPC's collaborating centre

TIMES NEWS NETWORK

**Varanasi:** The Indian Institute of Technology (Banaras Hindu University) has been recognized as a Collaborative Research Centre of Indian Pharmacopoeia Commission (IPC) under the union ministry of health and family welfare.

The head of the department of Pharmaceuticals Engineering and Technology, Prof Sanjay Singh said that the secretary-cum-scientific director Dr GN Singh said that the institute will be recognized as IPC's collaborating centre for Pharmaceuticals and medical devices quality and safety standards.

Singh said that a draft MoU will be sent by the Commission in this regard. With this recognition, the Institute will further promote research on medicines used by patients and consumers.

At the same time, the Institute will play an important role in determining the quality of medical equipment and the standards for the use of health equipment.
